Brown, of Bennettsville, S. C., says: "They restored my wife to health, after years of suffering with dyspepsia and a chronically torpid liver." Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder disorders. Sold on guarantee by Belt & Cherrington, druggist. Price 50c.

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendation to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by Stafrin Drug Co.

A POWER FOR GOOD

What a Public Library Does for the Community That Supports It.

1. It doubles the value of the education the child receives in school, and, best of all, imparts a desire for knowledge which serves as an incentive to continue his education after leaving school; and, having furnished the incentive, it further supplies the means for a life-long continuance of education.

2. It provides for the education of adults who have lacked, or failed to make use of, early opportunities.

3. It furnishes information to teachers, ministers, journalists, physicians, authors, legislators, all persons upon whose work depend the intellectual, moral, sanitary, and political welfare and advancement of the people.

4. It furnishes books and periodicals for the technical instruction and information of mechanics, artisans, manufacturers, engineers, and all others whose work requires technical knowledge—of all persons upon whom depends the industrial progress of the city.

5. It is of incalculable benefit to the city by affording to thousands the highest and purest entertainment, and thus lessening crime and disorder.

6. It makes the city a more desirable place of residence, and thus retains the best citizens and attracts others of the same character.

7. More than any other agency, it elevates the general standard of intelligence throughout the great body of the community, upon which its material prosperity, as well as its moral and political well-being, must depend.

Finally, the public library includes potentially all other means of social amelioration . . . A library is a living organism, having within itself the capacity of infinite growth and reproduction. It may found a dozen museums and hospitals, kindle the train of thought that produces beneficent inventions, and inspire to noble deeds of every kind, all the while imparting intelligence and inculcating industry, thrift, morality, public spirit, and all those qualities that constitute the wealth and well-being of a community.—F. M. Crunden in the "Exponent."

The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure. Belt & Cherrington

You don't have to starve to rest your stomach. KODOL FOR DYSPEPSIA takes up the work for your stomach, digests what you eat and gives it a rest. Puts it back in condition again. You can't feel good with a disordered stomach. Try Kodol. Sold by all druggists.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two.
