

Polk County Observer

J. C. HAYTER, EDITOR AND PUBLISHER.

Published Weekly at \$1.50 per Year, strictly in Advance.

DALLAS, OREGON, August 3, 1906

The way to build up Dallas is to patronize Dallas people.

MUCH NEEDED REFORM.

The committee appointed by Congress to investigate the use and misuse of government publications has decided upon a reduction of nearly 1,000,000 volumes of documents.

Thousands of copies of official reports are ordered printed, where a few hundred copies would be sufficient for all purposes.

A reform such as has been started at Washington is needed here in Oregon. It is time for the Legislature to put a stop to this useless expenditure of the state funds.

This thing of making the State Printer the scapegoat for the sins of the Legislature should cease. That official probably has enough sins of his own to answer for, and each tub should be made to stand on its own bottom.

When Francis J. Heney began his vigorous prosecution of the land fraud operators, it was his constant boast that he was after the "big fish."

The model newspaper of the world might as well be printed at Salem as anywhere. But the Journal is too modest to claim it—Salem Journal.

Congress has passed a law taking the issuance of naturalization papers to aliens out of the County Courts and placing the duty upon the Circuit Courts.

A Bad Stomach

Lessens the usefulness and mars the happiness of life. It's a weak stomach, a stomach that can not properly perform its functions.

Hood's Sarsaparilla

Cures a bad stomach, indigestion and dyspepsia, and the cure is permanent. Accept no substitute.

The Corvallis Times, advocating a reduction of insurance rates because of the installation of a gravity water system, calls attention to the fact that a considerable reduction in rates was made in Dallas when the mountain water system was completed.

Over in Tillamook county, Abram Hembree, a rancher, was tried on a charge of murdering his wife and daughter and burning their bodies to conceal the crime.

The Herald says it is "barely possible that the project for a cannery in Albany will bear fruit."

The small boys of Dallas doubtless enjoy the Roosevelt bear pictures now running in the Sunday papers, but unless they wish to meet the real article they would better not wander into the woods west of town.
