## WHAT IS MORE BEAUTIFUL THAN MOTHER LOVE?

A mother's worries are many. She I ve for the child. She becomes broken down, steepless, nervous, irritable acc sas tires from morning until night Many mothers of experience can tell you that at such a time they have been relieved, benefited and strengthened and pus into proper health by taking a prezetiption which their mothers had told them was the only woman's tonic to be taken at such times. Dr. Pierce's Favorite Presuription has enjoyed an enviable reputation for over a third of a century. In all that time It has sold more largely in the United States than any other tonic for woman's needs, and today its sales are greater than ever.

In favor of Dr. Pierce's medicines is the frank, confiling, open, honest statement of their full composition, giving every ingredient in plain English, without fear of successful criticism and with confidence that the good sense of the afflicted will lead them to appreciate this honorable manner of confiding to them what they are taking Into their stomachs when making use of these medicines.

### ALCONDLIC TONICS.

A great many women feeling the need of a toule take a cocktail, whisky, or what is just as bad, some widely advertised compound, containing a large per-centage of alcohol. Doctor Pierce's medicines are guaranteed to be entirely free from alcohol or narcotics-made of roots which cannot harm the most deliroots which channel narm the most defi-cate system but have a wholesome, life-giving, tori-offect upon the system. Tonks main largely of alcohol interfere with the direction of certain foods, and as does increase the alcohol absorbed gets into the blaced and shrinks the red blood corpuseles. As the blood feeds the nerves the nerves get improper nourishment and the mother becomes nervons. As the nerves suffer so does the skin.

Setter stick to a health-giving tonk and more widely than any other.
