NO USE KNOCKING

County Fair Will Come, But Not by Discouraging Smaller Shows.

DALLAS, Or., April 2.—(To the Editor.)—For years I have been delighted to know that we have in the editor of the Observer a man who says just what he thinks, no matter whose ox is gored, and I find that the present case is no exception to the general rule. But I think it is the editor's ox that is gored this time. He appears to think that I am not a very bad sort of fellow, but tries at much length to make the readers of the Observer think I am opposed to our great goat industry, while there is not the slightest doubt in my mind that Angora goats are the best stock in Oregon for the timber pasture. I have kept them for 20 years, and I think more of them now than I ever did.

The Observer agrees with me that we should have a good County Fair each year, where we can exhibit our fine animals, grain, fruit, vegetables, ladies' needle work, bread, etc., in fact everything grown, raised or owned in this county. But where he does not agree with me is that he claims we must have a special Goat Show every winter. I would like to ask the editor to be consistent and give every breeder and producer in Polk county equal privileges. I want him to compute how many special shows he will require in a year. One every third day, I find, will not give every industry a special show. So I think that he and I ought to see that life is short and go to work for a County Fair, as I am sure we can have one of the best fairs in North America. I must admit, however, that we must hold special shows of horses and bulls at this season of the year, but these shows would not hinder us from showing the same animals at a County Fair in the Fall. (Right here, Mr. James Elliott, the writer of the foregoing letter, knocks his own arguments against special shows into a cocked hat, and there would seem no particular use of publishing the remainder of his communication, which is devoted entirely to an effort to show that the special fairs for which Polk County has become famous do not give equal privileges and advantages to all stockmen in exhibiting their blooded animals. If he is going to except the horse and cattle breeders from his list and permit them to hold special shows, he will have to grant the "equal privileges," upon which he so persistently harps, to the raisers of goats, sheep, swine and poultry as well. The fact of the business is, this is a free country and the stockmen have a right to hold their shows whenever they see fit. If some of the farmers do not care to take part in the shows, that is their own business.)

It is not worth while to waste space in discussing this matter further, or to permit it to be done in our columns by others. The Oregon Angora Goat Show at Dallas is an established institution, and a valuable one, and it is certain that these exhibits will be continued until such time as the goat breeders shall decide to combine their display with those of other stockmen in a general County Fair. Leading goat men have urged such a combination for years, and right now have a committee appointed from their number to select a suitable site for county fair grounds.

Mr. Elliott has, as he says, been a breeder of Angora goats for many years, but if he has ever exhibited an animal at the annual show, we do not recall having seen it. Mr. Elliott also has a large orchard almost inside the corporate limits of Dallas, but if he has ever shown a box of apples or a plate of prunes at the local fruit fairs, we do not remember it. It would be only fair to conclude that a man who has taken so little interest in the smaller exhibitions would not be overly enthusiastic in showing his products at a large fair, but the Ob-

SERVER knows Mr. Elliott well enough to feel assured that he is earnest in his desire to help establish a County Fair and put it firmly on its feet. And herein is one good reason for holding an annual County Fair. If such an enterprise shall have the effect of pulling big farmers like Mr. Elliott out of their holes and causing them to exhibit their products for the edification and inspiration of their less progressive neighbors, it will be well worth all the money and effort it may cost.

Farmers tell us that a local in the "Wanted" and "For Sale" column brings results—and the cost is small.

The Albany Herald says that the Grangers are experiencing no difficulty in Linn county in obtaining signatures to the petition calling for the referendum on the \$125,000 appropriation for the University of Oregon. Nearly every man approached and asked to sign has done so willingly.

The paving movement is becoming contagious. Salem will pave three blocks this summer; Eugene, seven, Ashland, Baker City and other towns from three to five. Isn't it about time for Dallas to fall in line? Paved streets in the business district and crushed rock in the residence section would make Dallas the most beautiful town in Oregon, and the improvement would be worth many times its cost to every property owner.

Pleasant Surprise.
Dr. and Mrs. L. A. Bollman were treated to an agreeable surprise Tuesday evening, when several members of Marmion Lodge, No. 96, Knights of Pythias, some of them accompanied by their wives, called to congratulate the newly-wedded couple and to bid Mrs. Bollman a welcome to Dallas. The evening was pleasantly spent in social conversation until 11 o'clock, when the self-invited guests departed for their homes. Dr. Bollman is a popular member of Marmion Lodge and is held in the highest esteem by his brother Knights. His bride is a most estimable lady and will be a valuable addition to society circles in Dallas.

Those present were: Mr. and Mrs. J. C. Uglow, Mr. and Mrs. G. N. Cherington, Dr. and Mrs. H. L. Toney, Mr. and Mrs. W. H. Roy, Chauncey Crider, C. C. Coad, Henry Williams, C. D. Chorpensing and Walter Dyke.

We Get It Again.
The legislature of New York was recently captured by 200 pretty school "mams" who went there as a lobby to advocate the passage of a bill that would equalize their salaries with those of male teachers and the bill is going through. With the idea that the example will be followed in other states, there will be a great scramble for seats in the legislature during the next few years. Capt. Walter Lyon of the Albany Herald and Carey Hayter of the Dallas Observer will be found active candidates next time in this state.—Salem Statesman.

Yeast is Working.
There is a sort of mental yeast at work among the farmers of the Willamette Valley which is already doing great things for the improvement of farming conditions in the valley and gives promise of an era of advancement and development which will make this valley famous.—Rural Northwest.

Mr. and Mrs. L. B. Downer visited at the home of Mr. and Mrs. S. G. Stevens at Black Rock, Wednesday and Thursday. Mr. Downer has not sufficiently recovered from the effects of his recent accident to be able to resume his duties as foreman of the Observer office, and his place is being acceptably filled by H. V. Meade, a member of the State Printing Office force.

A Square Deal

It is assured you when you buy Dr. Pierce's Family Remedies for all the ingredients are printed on the bottles and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are selected from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate woman and child. Not a drop of alcohol enters into their composition. A much larger amount is used than for any other medicinal preparation. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Givevine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels. Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal Passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-over coughs caused by irritation and inflammation of the mucous membranes. The "Discovery" is no good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all chronic, chronic coughs, which if neglected, or badly treated, lead up to consumption, it is the best medicine that can be had.
