The way to build up Dallas is to patronize Dallas people.

## CREAMERY MEETING.

A co-operative creamery and cheese factory in Dallas, so long advocated by the Observer, promises soon to become a reality. The farmers of the surrounding country have taken the enterprise in hand and have called a meeting for Saturday afternoon, at 2 o'clock, in Brown's Hall. All persons interested in the establishment of a creamery or a cheese factory, or both, are requested to be present and take part in the deliberations.

The Observer is highly gratified to see the farmers take the initiative in establishing such an industry, as it is upon their co-operation and support that the success of the enterprise will most largely depend, when once gotten under way.

Such an enterprise, properly managed, cannot fail to yield profitable returns. It will be a benefit, not only to the farmers, but to Dallas as well, and it is certain that the business men will be glad to aid in any way possible in placing the enterprise on a sound financial basis. Here's success to the farmers' co-operative creamery.

Every few days some property-owner in Dallas tears down his old, unsightly yard fence, and by so doing, removes his town just that much farther from the crossroads village class.

Prosperity everywhere. An Albany bank's deposits have reached \$1,000,000 and are still growing. The passing of the million dollar mark was celebrated by a dinner, to which all of the bankers in the city were invited.

A dispatch from Roseburg says that Congressman Hawley declares himself opposed to another term for President Roosevelt. Mr. Hawley need not worry himself about second terms for others. He will have all he can do in getting a second term for himself.

Work on the numerous concrete sidewalks in Dallas has been temporarily suspended, pending the arrival of another carload of cement. If the movement to replace lumber with concrete keeps on growing, the local dealers will soon be ordering cement by the trainload instead of by the carload.

Twenty silver cups and as many diplomas have been ordered as premiums to be awarded at the Salem Cherry Fair to be held July 10. Fifteen of the cups cost \$10 each, and five, \$5 each. Second premiums will be diplomas. The Polk County cherry growers will go after these cups in earnest, and hope to bring home a goodly number of them.

Dallas has good public buildings; an abundant supply of pure, mountain water; an excellent system of sewers; a well-equipped fire department; one of the largest electric light and power plants in the state, and more feet of concrete sidewalk than any town of equal population in the Northwest. Now, if the city council will only build good rock streets to withstand the heavy and rapidly increasing traffic, there will remain little to be desired in the way of public improvements.

## LECTURES ON PHRENOLOGY

Mrs. Jean Morris Ellis Begins Engagement in Christian Church Tomorrow Night.

Mrs. Jean Morris Ellis, the phrenologist, will begin a series of lectures in the Christian Church tomorrow night. She comes highly recommended as an entertaining speaker and a skilled phrenologist. Speaking of her engagement in Corvallis, the Gazette says:

"Mrs. Ellis is a pleasing and convincing speaker and keeps her audience interested from start to finish. After the lecture on 'Love, Courtship and Marriage,' she examined the heads of two young ladies, reading their dispositions and characters with considerable skill, after which she went into the audience and selected two young men who were, she declared, suited to the young ladies and would make ideal husbands for them. This practical match-making created much merriment.

"Mrs. Ellis met with splendid success here, and her lectures are well worth hearing."

The cantata, "A Day in the Woods," will be given on May 30 instead of May 31.

## Buys New Automobile.

Finding his small 8-horse-power runabout inadequate to the demands of his business, Bert Dennis this week purchased a 16-horse Reo touring car for use on the twice-a-day run between Dallas and Salem. The new "bubble" is a beauty, and is the smoothest running machine ever brought to Polk County. The steepest hills between Dallas and Salem are climbed with ease, and the entire run can be made on high gear. The machine is guaranteed to run 35 miles an hour on a smooth, level road. Mr. Dennis is building up an excellent business on his new automobile route, often finding it difficult to accommodate all the passengers desiring to make the trip between the two cities. A ride in his new touring car is a luxury, and he will doubtless have all the business he can handle for the remainder of the summer.

## Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a peach which is rarely handed. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the check of its freshness and the form of its fairness.

As surely as the general health suffer when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form are witness to the fact in beautiful countenance. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down and motherly, not understanding the children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as Favorite Prescription. This can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.
