City Council Meeting.
The city council transacted little business outside the regular routine at their meeting last night. A brief resume of the proceedings is as follows:
The committee on water and light was instructed to obtain deeds for a right-of-way for the Oak Street sewer. Consideration of the petition for an are light at the intersection of Birch and Ellis streets was postponed until the first regular meeting in October.
The City Attorney was instructed to prepare an ordinance providing for a 10-foot cement walk on the west side of the Smith & Coad block, instead of a 12-foot walk as heretofore ordered. Notice was ordered served on the Southern Pacific Company that the passenger trains are exceeding the 6-mile speed limit within the city limits. Streets were ordered graded as follows: Clay street, between Main street and the county road; Mill street, between Church and Levens streets; Lyle street, between Mill street and the Southern Pacific railroad track.

Having rented his farm in Minnesota, he is now looking for a desirable farm in the Willamette Valley.

WAS NATIVE OF ILLINOIS
Mrs. Anna H. Peebles Dies at Her Home Near Dallas After Short Illness.
Anna H. Peebles, wife of L. R. Peebles, died at the family home two miles southwest of Dallas, Tuesday, May 14, at 11 o'clock a. m., after a short illness. The funeral was held from the residence Wednesday afternoon at 2 o'clock. The services were conducted by the Rev. A. C. Brackenbury, pastor of the Methodist Episcopal Church of Dallas.
Mrs. Peebles left a husband and six children, one an infant, and also five brothers and three sisters to mourn her departure. Two brothers—William Smith, of King's Valley, and Hugh Smith, of Dallas—and Mrs. Mary Smith, wife of Eugene Smith, were present at the funeral. The other three brothers and two sisters reside in Missouri. Mrs. Peebles' mother departed this life many years ago. Her father, John Smith, died recently at his home near Dallas.
Mrs. Peebles was born in Illinois, July 12, 1873. When a child, she moved with her parents to Missouri and lived on a farm near Nashville. She was married to L. R. Peebles, July 23, 1893, and came with her husband to Oregon, where they resided until her death. She united with the Methodist church when a girl and lived a faithful Christian life. She was a loving wife and mother, and will be greatly missed by her family and neighbors. She bore her last sickness with patience, and God saw fit to call her home to the land where we are promised "There shall be neither sorrow nor crying, neither shall there be any more pain, but God shall wipe away all tears from their eyes."
Thomas Sullivan.
Thomas Sullivan was born in Arkansas, October 30, 1832. With his parents he went to Missouri when a child, and in 1852 crossed the plains to California. He next came to Polk county, Oregon, where he married Miss Sarah Hooker in 1863. To this union were born eight children—three sons and five daughters. He departed this life at his home in Cooper Hollow, May 11, 1907, at the age of 74 years, 6 months and 11 days. The funeral services were conducted by the Rev. K. H. Scafoose at the residence and burial took place in the Montgomery cemetery, on the Luckiamute river near Lewisville.

Electricity for Lighting
Is only expensive to people who are wasteful and careless. To you, who are naturally careful, it does not come high.
It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn when not needed to save bother of lighting and adjusting. In some homes the electric light bills amount to only one or two dollars per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation—ruins your eyesight—smokes your walls—mars decorations and increases household work. You could probably save a dollar tomorrow by going without your meals but it wouldn't be economy. It is not so much what you save, but how you save that counts.
WILLAMETTE VALLEY CO. RATES—Residence on meters, per Kilowatt 15c; Residence, flat per month, 16c. COLLEGIAN SUITS
If a Pure Clothes Law should be passed and Pure Clothes Inspectors appointed by the Government, special honorable mention would be given to the
Collegian
Moreover, if such laws required the strictest sanitary precautions on the part of the makers, and prescribed a high standard of quality for linings and cloths, and called for a certain grade of Tailoring for garments at each price, from the lowest to the highest, we would be found to exceed requirements in every particular.
