**CREAMERY FOR DALLAS.**

T. S. Townsend, president and general manager of the T. S. Townsend Creamery Company, of Portland, and A. A. Underhill, manager of the company's branch creamery in Salem, were in Dallas Wednesday afternoon, with a view of opening a creamery in this city. They spent the afternoon looking over the town and interviewing the business men and farmers, and also secured a location that would be suitable to their business in the event they should decide to open a creamery here.

The two gentlemen had not heard of the movement among the farmers for a co-operative creamery, and as soon as they found that such an enterprise was being considered, they hastened to assure the business men that they would in no way interfere with the plans of the farmers in establishing such an industry. However, should the farmers decide not to establish a creamery, they will then be glad to take the matter up and submit a proposition that they feel sure will be acceptable to all concerned. They will take no further steps toward establishing a creamery here until the farmers have held their meeting next Saturday afternoon.

The Townsend Creamery Company is one of the largest concerns of its kind in the Northwest. The company operates creameries in Portland, Salem and Lyons; has cream stations in nearly every county in the valley, and also owns a large cheese factory in the Nehalem country. Five thousand pounds of butter are manufactured daily, and during the summer months several tons of ice cream are turned out each week. A ready market is found for the product of the various factories, at the highest market prices.

Mr. Townsend was very favorably impressed with Dallas as a location for a creamery, and believes that a large business could be built up here, if properly managed and closely attended to.

It is reported that a movement is on foot in Portland to refer the Oregon Tax Commission's bill on assessment and taxation to the people by the initiative. The bill was prepared at great expense by the commission, but was defeated in the Legislature. The bill contemplates the creation of a State Board of Tax Commissioners to handle all franchise and railroad assessments.

**Spring Medicine**  
The best is Hood's Sarsaparilla. It is the best because it does the most good. While it makes the blood pure, fresh and lively, it tones the stomach to better digestion, creates an appetite, stimulates the kidneys and liver, gives new brain, nerve and digestive strength. An unequalled list of cures—40,366 testimonials in two years—proves its merit.

**Sarsaparilla**—For those who prefer medicine in tablet form, Hood's Sarsaparilla is now put up in chocolate tablets called Sarsaparilla, as well as in the usual liquid form. Sarsaparilla has identical the same curative properties as the liquid form, besides accuracy of dose, convenience, economy,—there being no loss by evaporation, breakage, or leakage. Sold by druggists or sent by mail, 50c a package. Hood Co., Lowell, Mass.

GUARANTEED UNDER THE FOOD AND DRUG ACT, June 30, 1906. No. 324.

**Electricity for Lighting**  
Is only expensive to people who are wasteful and careless. To you, who are naturally careful, it does not come high.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn when not needed to save bother of lighting and adjusting. In some homes the electric light bills amount to only one or two dollars per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation—ruins your eyesight—smokes your walls—mars decorations and increases household work. You could probably save a dollar tomorrow by going without your meals but it wouldn't be economy. It is not so much what you save, but how you save that counts.
