The way to build up Dallas is to patronize Dallas people.

The Fourth of July celebration in Dallas this year will be a hummer. One thousand dollars will pay for a lot of fine attractions.

Pity our poor people who live in town and have no berries or vegetables or poultry or livestock or grain to sell, but have to buy everything. The wonder is that instead of so many people coming to town from the country a lot of town people are not flocking to the country in order to make money.—Portland Journal.

L. R. Alderman, well-known in Polk county, will resign the office of School Superintendent of Yamhill county to accept the position of City Superintendent of the Eugene schools. Professor Alderman is one of the strong men of Oregon in educational work, and the people of Eugene are to be congratulated upon securing his services.

Every farmer in the west end of Polk county should attend the creamery meeting in Dallas tomorrow. The creamery business is growing rapidly in Oregon, and the farmers who are devoting time and intelligent attention to their dairy cows are reaping rich returns. There is no reason why Polk county farmers should not share in this prosperity. Dallas is situated in the heart of an ideal dairying section and should have one of the largest and best equipped creameries in Oregon.

County Court next week.

Miss Sadie Francis, of Portland, is visiting friends in Dallas.

U. L. Frazer has moved from Independence to Parker Station.

Dr. H. A. Littlefield, of Newberg, was a visitor in Dallas, Tuesday.

Fred B. West, of Aberdeen, Wash., visited old-time friends in Dallas this week.

A Dallas baseball team defeated the Amity team yesterday afternoon by a score of 10 to 3.

The OBSERVER is prepared to do round-cornering, perforating, and punching for loose-leaf ledgers.

The Newberg Graphic says that G. W. James, the S. P. station agent at that place, is to be transferred to Dallas.

The farmers tell us that a local in our "Wanted" and "For Sale" column brings returns—and the cost is small.

Mrs. Joseph Howard, formerly Miss Rose Sites, has been visiting at the home of Mrs. Martha Cospier. She is living in Corvallis, while her son is attending school.

J. E. Allen, of Oak Grove, was a county seat visitor yesterday. He reports that active arrangements are being made for the picnic to be held at the Grove on Saturday, June 8.

Jack Myer, a printer in the Falls City News office, received a telegram yesterday informing him of the death of his father in St. Paul, Minnesota. The young man left for home last night.

The new concrete walks in front of Smith & Coad's building and J. C. Shultz's residence property were completed Wednesday. The city is putting in a substantial concrete crosswalk to connect the Faulk and Shultz walks on Mill street. Now that the city has begun building cement crosswalks, the OBSERVER predicts that it will not be many years until there will be no board walks left in the business district.

Decoration Day is becoming more and more a holiday each year. The day was generally observed in Dallas yesterday, the banks, county offices and the greater number of the business houses being closed. The cemeteries were visited by a large number of people, and the graves of deceased relatives and friends were covered with beautiful flowers. In many neighborhoods in the county, men and women spent the day in cleaning and beautifying old and neglected graveyards.

Spring Medicine

The best is Hood's Sarsaparilla. It is the best because it does the most good.

While it makes the blood pure, fresh and lively, it tones the stomach to better digestion, creates an appetite, stimulates the kidneys and liver, gives new brain, nerve and digestive strength.

An unequalled list of cures—40,366 testimonials in two years—proves its merit.

Sarsaparilla—For those who prefer medicine in tablet form, Hood's Sarsaparilla is now put up in chocolate tablets called Sarsaparilla, as well as in the usual liquid form. Sarsaparilla has exactly the same curative properties as the liquid form, besides accuracy of dose, convenience, economy,—there being no loss by evaporation, leakage, or leakage. Sold by druggists or sent by mail. C. I. Hood Co., Lowell, Mass.

GUARANTEED under the Food and Drugs Act, June 30, 1906. No. 324.

WILL DISCUSS CREAMERY

T. S. Townsend, of Portland, Will Meet Farmers in Dallas Tomorrow Morning.

A meeting of farmers will be held in Brown's Hall tomorrow morning at 10 o'clock to further consider the advisability of establishing a creamery in Dallas. T. S. Townsend, president of the T. S. Townsend Creamery Company, of Portland, will be present and submit a proposition looking to the establishment of a branch creamery at this place.

The OBSERVER received a letter from Mr. Townsend yesterday saying that he would be in Dallas, Saturday, and that Manager Underhill, of the company's creamery in Salem, would probably go to Dallas and attend the meeting. Mr. Townsend says he is ready to establish a creamery here, provided the proper encouragement is given by the farmers.

It is expected that the question will be decided definitely tomorrow, as the season is getting late and it will be necessary to begin the work immediately if desired results are to be accomplished this summer.

GHOST WALK AT RINK

Sheet and Pillow Case Party Promises Great Amusement For Skaters.

The Colosseum rink will give one of its famous Mask Carnivals in sheet and pillow slip costumes next Thursday evening, June 6. Stockwell's band, which has been increased to twelve pieces, will furnish special music for the occasion. The floor is in the pink of condition, and the skates were never better.

Suitable prizes will be given for the best three "ghosts." Maskers will be permitted to skate until midnight and will have exclusive use of the floor until 10 o'clock. Come and bring your friends, and enjoy an evening of genuine pleasure and amusement. Admission, 25 cents; skates, 25 cents. Remember, you skate all night for one price.

PERRYDALE.

Jesse Plankington has purchased a driving horse.

Hon. D. L. Keyt transacted business in Portland this week.

Miss Ida May Duignan is studying dress-making with Mrs. Gellison in Amity.

Mrs. Lung and little daughter were passengers on Thursday's morning train for Dayton.

Several young people from Perrydale attended the graduating exercises at Ballston last Friday evening.

A family reunion occurred at the home of Mr. and Mrs. George Nelson last week. A group photo was taken to record the happy event.

Mr. and Mrs. McKee, of Kansas, accompanied by their daughter Julia, are visiting at the home of their son Henry. Oregon will again be their future home.

Dick Horner was arrested in Salem, Sunday night, on a charge of stealing a watch in Independence.

The people of Dallas and Polk county who have their printing done in the OBSERVER office receive exactly the same grade of printing that is done in the best offices in the large cities. When proof of this assertion is desired, we furnish it by duplicating any job brought us from the city offices. By spending thousands of dollars for modern machinery and the very latest type faces, we are enabled to figure with you on your big jobs—work the smaller offices cannot do. We will be pleased to furnish estimates at any time you are in need of strictly high-grade printing.

Notice to Bridge Builders.

Notice is hereby given that bids will be received by the County Court, to be filed with the clerk for the construction of an 80-foot span bridge across the Luckiamute River in Falls City. Will receive bids on a steel span, and also for a wood span, bids to be opened at 1 o'clock p. m. on Thursday, June 6, 1907, right being reserved to reject any or all bids. Plans and specifications may be found at Clerk's office.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with overwork. Start with the stomach and killed organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the deflection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, dependent, frequent headaches, pain in distressing "small of back," grating or distressed feeling in stomach, perhaps nausea, or "rising" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-poisonous, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

Notice to Contractors and Builders.

Notice is hereby given that the Board of School Directors of School District No. 57, Polk county, Oregon, will receive sealed bids until 7 o'clock p. m., June 10, 1907, for building an annex to the schoolhouse in said district, according to plans and specifications on file at the offices of District Clerk J. C. Talbott and Director Ira Mehrling, and at the office of Architect F. H. Morrison in Dallas. The directors reserve the right to reject any or all bids.

Electricity for Lighting

Is only expensive to people who are wasteful and careless. To you, who are naturally careful, it does not come high.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn when not needed to save bother of lighting and adjusting. In some homes the electric light bills amount to only one or two dollars per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation—ruins your eyesight—smokes your walls—mars decorations and increases household work. You could probably save a dollar tomorrow by going without your meals but it wouldn't be economy. It is not so much what you save, but how you save that counts.

WILLAMETTE VALLEY CO. RATES—Residence on meters, per Kilowatt 15c; Residence, flat per month, 16c per 50c. RATES FOR BUSINESS HOUSES—25c per drop and 5c per Kilowatt up to 10 drops; over 10 drops 30c per drop and 5c per Kilowatt up to 40 drops; over 40 drops 17c per drop and 5c per Kilowatt. A drop figures 14c or less. For power rates apply at the office.
