The tiny spiders may be removed from rose bushes by washing them carefully in warm soapsuds.

A few pieces of borax put in the cistern will rob the soft water of the objectionable smell which so often characterizes it. The borax simply kills the bacteria which kick up the stink.

On the basis of estimates which have been made every person in the United States should plant a tree apiece every year to keep the lumber reserves of the country from becoming exhausted.

The cotton crop of the country for the past year, whose value is placed second in the list and next to that of corn, is estimated at $640,000,000. This includes the value of fiber and seed combined.

A strong tincture of lemon juice placed in drinking water is said to be a reasonably sure cure for typhoid fever. The remedy is one that, to say the least, is harmless and at the same time inexpensive.

It usually takes four horses to pull out of a mud hole a load which two can mire with ease and dispatch. The same truth is applicable with even greater force to the management of a farm or other business enterprise.

It may be evidence of a plebeian appetite, but we are of the opinion that it is pretty hard to beat a hot, mealy baked potato, dressed with a liberal supply of Jersey cream. It knocks ice cream and angels' food all hollow.

Concentration of one's effort along a single line will tend to insure a measure of satisfaction and financial success that cannot possibly be obtained if one spreads himself out in an attempt to follow half a dozen lines. In many fields concentration is just a synonym of success.

The wrapping of a dry towel about a coffeepot or other receptacle whose contents it is desired to keep warm will aid materially in the attainment of that result, the condition noted being due to a simple principle of the conservation of heat, the loose dry cloth preventing rapid radiation.

Where the chief purpose of the wood lot is the production of the best quality of firewood in the shortest possible time the soft maple excels any other variety. The seeds should be planted in June as soon as they ripen in rows and the following spring transplanted to the plot where it is intended they should grow.

As a result of the rapid decrease in the lumber imports from the United States, a new interest is being felt in England in the forestry question which is likely to result in practical measures looking to a production of a portion of the lumber supplies which she annually consumes and which are shipped in from foreign countries.

Oklahoma, not many years ago wont to be considered the home of prairie dogs, worthless Indians and blistering southwest winds, has of late come to the front in an agricultural way that is opening people's eyes. During the year just passed the state produced, according to careful estimates, 125,000,000 bushels of corn, not to mention cotton, wheat and other staples, the value of the first mentioned cereal being in the neighborhood of $37,600,000.

More people suffer from a lack of fresh air and sunshine than from a lack of proper food and nutrition. It is more likely to be the person who is afraid of a breath of fresh air who contracts a cold easily or goes into consumption. Nature has a very businesslike way of punishing offenders against her laws of health, and she seems to take particular delight in visiting her penalties upon those who scorn her sunshine and fresh air.

As a general rule, the size and the excellence of the blossoms which a plant will bear are in an inverse ratio to the number that are allowed to grow to maturity. This fact was brought home to us forcibly the other day by noting a chrysanthemum which had thirty-five or forty blossoms, none of which was larger than good sized pants buttons. If the blossoms had been limited to two or three, they might have been very creditable specimens.

At the late meeting of the National League of Commission Merchants the third Tuesday in October was selected as national apple day. The aim is to have every man, woman and child in the country eat an apple on that day. While the day was not generally observed last year, apples were distributed free to a number of school children in several cities with a view to inaugurating the scheme. If generally adopted it would mean a material increase of business for the apple growers of the country.

The problem of the abandoned New England farms, various attempts at solving which have been made, including settlement by immigrants from northern Europe, used for summer resorts and as grazing lands in the raising of sheep and goats—all of which methods have been followed with more or less success—bids fair to be more adequately handled by turning such unoccupied farms into forest reserves, in which capacity it is believed they will fetch the largest returns. It has been estimated by students of the situation that these lands could be stocked with suitable varieties of forest trees at $12 per acre and that they could be made to net $100 per acre at the end of forty years.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. Belt & Cherrington, Dallas: M. L. Thompson, Dallas.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Sufferer Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in.

Mrs. L. Hodson, of 717 Aura St., Pendleton, Ore., says: "I just as enthusiastically endorse Doan's Kidney Pills today as I did nearly three years ago. They relieved me of kidney trouble which had bothered me for a considerable time. There was aching pains across the small of my back and down through my kidneys, which were aggravated by colds which settled in the back and loins and caused an awful lameness. This was my condition when I began taking Doan's Kidney Pills. This remedy banished the backache and pains through the loins, regulated the kidney secretions and removed every symptom of the trouble. From that day to this there has been no recurrence, and I give Doan's Kidney Pills all the credit. I consider them to be the best kidney remedy procurable and recommend them whenever the occasion arises."

Remarkable Rescue

That truth is stranger than fiction, has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: 'I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work.' Guaranteed cure for coughs and colds. 50c. and $1.00 at Belt & Cherrington drug store. Trial bottle free.

The Magic No. 3.

Number three is a wonderful mascot for Geo. H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man. The first bottle relieved and three bottles completed the cure." Guaranteed best on earth for stomach, liver and kidney troubles, by Belt & Cherrington, druggist. 50c.

He Fired the Stick.

"I have fired the walking-stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklen's Arnica Salve; that has healed the sore and made me a happy man," writes John Garrett, of North Mills, N. C. Guaranteed for Piles, Burns, etc., by Belt & Cherrington, druggist. 25c.

A Fortunate Texan.

Mr. E. W. Goodloe, of 107 St. Louis St., Dallas, Tex. says: "In the past year I have become acquainted with Dr. King's New Life Pills, and no laxative I ever before tried so effectually disposes of malaria and biliousness." They don't grind nor gripe. 25c. at Belt & Cherrington drug store.

A Happy Mother

will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at nights, it is troubled with worms. Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung troubles. I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied. Belt & Cherrington, Dallas; M. L. Thompson, Falls City.
