A Bold Sten.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal com-pounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for doeast and openly to the whole world, a full and compate list of all the ingredients entering in so the composition of his widely celebrated pediches. Thus he has taken

liver of billousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every luggedient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents. icines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and deblitated women, were employed, long years ago, by the indians for similar aliments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the Indians. As made up, by improved and exact processes, the "Favorite Prescription" is a most efficient remetry for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retoversion. prolapsus, anteversion and retorversion, overcoming pathful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in resdictines.

### Electricity for Lighting

Is only expensive to people who are wasteful and careless. To you, who are naturally careful, it does not come high.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn when not needed to save bother of lighting and adjusting. In some homes the electric light bills amount to only one or two dollars per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation—ruins your eyesight—smokes your walls—mars decorations and increases household work. You could probably save a dollar temorrow by going without your meals but it wouldn't be econ. my. It is not so much what you save, but how you save that counts.

WILLAMETTE VALLEY CO. RATES—Residence on meters, per Kilowatt 15c; Residence, flat per month, 16cp 50c. RATES FOR BUSINESS HOUSES—25c per drop and 5c per Kilowatt up to 10 drops; over 10 drops 20c per drop and 5c per Kilowatt up to 40 drops; over 40 drops 17]c per drop and 5c per Kilowatt. A drop figures 16cp or less. For power rates apply at the office. We are always ready to explain the "ins and outs" of the lighting proposition to you, call on us or phone to us, we are never to busy to talk business.
