## IF YOU WANT THE BEST

Then buy a Hoosier Drill. They are unquestionably the strongest, most durable and best built of all drills. The Grain feed is one of the most important parts of a drill. The great popularity of the Hoosier Grain Drill is due more to its excellent feed than any other one thing. It is absolutely a force feed not only in name but in the work it performs, and will sow small quantities with the same accuracy that it sows large quantities.
