

GOOD WORK

Done Daily in Dallas.

Nearly every reader has heard of Doan's Kidney Pills. Their good work still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

Mrs. N. Swaggert, of 819 Garden Street, Pendleton, Ore., says: "Both my husband and myself have used Doan's Kidney Pills with most gratifying results. Mr. Swaggert was troubled quite severely with his back and kidneys for a long time, and nothing ever helped him as Doan's Kidney Pills have. I have known of the healing and curative power of this remedy for some time, and found that a few doses would quickly remove any lameness or pain in the back caused by kidney derangement. I am glad to help make Doan's Kidney Pills better known to all afflicted with backsache or kidney trouble."

WILDFIRE NUGGETS FOR SWALLOW PEOPLE

A Human Match Factory.

The body of the average man contains phosphorus sufficient to make enough matches, enough to fill about 6,000 boxes, making eighty matches to the box. Phosphorus is one of fourteen elements entering into the composition of the body. It is divided among the bones, flesh, nervous system, and other organs. Without phosphorus the brain would be weak, the body feeble, and the bones would disintegrate leaving man a squirming insect squirming in the dust. The perfect health of the human body requires a perfect balance of the constituent elements of which it is composed. The carbon, iron, lime, sulphur, sodium, etc., must all be replaced as they are used up in human energy. Take all the iron from the blood and the circulation stops. That's death. Change the proper proportion of these substances to each other, destroy the natural balance in the body, and you destroy the balance of health.

THE FOOD WE EAT.

Where do these essential elements of vital force come from? From the food we eat. What are these elements that sustain life? They are extracted and distributed by the stomach and other organs of digestion and nutrition. What happens when the stomach is "weak"? The body is only partly digested and assimilated. And the body becomes weak. The balance of the body is destroyed and there's blood trouble, nerve trouble, lung trouble, heart trouble, or some other trouble with the vital organs of the body. Pain is the hunger cry of the starved organs. What then is the logical first step to health?

Put the stomach and organs of digestion and nutrition into a condition of sound health. That is just what is done by Dr. Pierce's Golden Medical Discovery and that is just the secret of the many valuable cures effected by this remedy.

No medicine can make fat fresh. Food alone can make fat fresh. Only the stomach and other vital organs can extract from the food the elements that make flesh and fat and sustain life.

Nerve foods, "blood-making" medicines, are mere fads and fallacies. The stomach and organs of digestion and nutrition prepare the food to be used.

Dr. Pierce's Golden Medical Discovery is not a cure-all. It does one thing. It cures diseases of the stomach and organs of digestion and nutrition. The rest Nature does. Nature feeds the nerves, enriches the blood, builds the lungs and restores the physical powers. "Golden Medical Discovery" removes the obstructions disease has put in Nature's way.

There is no alcohol in "Golden Medical Discovery" and it contains neither opium nor any other narcotic. Doctor Pierce's Golden Medical Discovery is the following inexpensive: Golden Seal root, Queen's root, Stone root, Black Cherry bark, Bloodroot, Mandrake root and Chemically Pure Glycerine.
