Polk County Observer

J. C. HAYTER,
EDITOR AND PUBLISHER.

Published Semi-Weekly at $1.50 per Year.
Strictly in Advance.

Entered as second-class matter March 1, 1907, at the post office at Dallas, Oregon, under the Act of Congress of March 3, 1879.

DALLAS, OREGON, NOVEMBER 29, 1907.

The way to build up Dallas is to patronize Dallas people.

As his friends predicted, Senator Bourne has "made good" in his efforts to secure Government aid for the Oregon banks. As a result of repeated conferences with the President and Treasurer Cortelyou, the Treasury has authorized increase of Federal deposits with the First National Bank of Portland to the extent of $175,000. The Commercial National Bank of Pendleton and the first National Bank of Ashland have been made Government depositories and each given $50,000 of Government deposits. An additional $50,000 will be deposited in the First National Bank of Baker City, and Pendleton is promised $120,000 more as soon as sufficient cash is received from the bond sales. Senator Bourne has hopes of securing still further deposits for other Oregon banks as quickly as the Treasury Department has cash to distribute.

Much to the dismay of a number of democratic editors of the "new school" who were loading their guns to the muzzle with the kept-over free silver wads, Billy Bryan is quoted as saying that the "free and unlimited" would not have prevented the present financial depression.—Newberg Graphic.

According to figures in yesterday's Oregonian, only 46,000 bales of 1907 hops have been shipped from Oregon to date. This amount is considerably less than normal. It is estimated that there are 84,000 bales still on hand in the state.

A 5-year old Albany boy came in contact with a live electric wire carrying 2300 volts yesterday. He told his mother that it "tickled him all over." That's a boy's luck; a man would not have found it so amusing.

How is your digestion this morning?

Noted Author Here.

J. W. Redway, the author of Redway's Geography, which is in Oregon the standard text book on that subject, has been secured as one of the instructors in the Teachers Institute today. The half hour between 1:30 and 2:00 o'clock this afternoon, will be filled by Mr. Redway's lecture on "Geography" instead of "Language and Composition" by Superintendent R. F. Robinson, of Portland. This change in the program was made at Mr. Robinson's suggestion. Mr. Redway is an educator of national reputation, and Superintendent Seymour has indeed been fortunate to secure him as an instructor for this institute.

Books For Public Schools.

Of the 900 volumes recently received by Polk County for distribution among its schools, 104 have been apportioned to the Dallas Public School. This swells the list of books to nearly 600 volumes. Principal R. R. Hill has arranged to have the books equipped with the regulation loaning cards and pockets, and the school library will be conducted in the same manner as the Public Library. Misses Bernice Cone and Katie Hughes are the librarians, and are proving to be exceedingly careful and efficient in their work.

Fell on Butcher Knife.

George Richmond was painfully injured Wednesday by falling upon a butcher knife. Mr. Richmond was killing hogs, and had the knife lying point up in the pocket of his blouse. As he was climbing out of one of the pens, his foot slipped and he fell heavily. The point of the knife penetrated his right side and striking a rib, glided along the bone, inflicting a deep and painful gash. The injury is not extremely dangerous, however, and Mr. Richmond will not be long disabled by it.

Don C. Allard and family spent Thanksgiving in Portland.

Charles Bilyeu went to Albany, Wednesday to attend the funeral of his father, William Bilyeu, who died Tuesday night at the home of his daughter, Mrs. Fred Hochspeier. Mr. Bilyeu was born in Missouri in 1832 and came to Oregon in 1852, settling near Scio, where he resided until 1902, when he moved to Albany. His wife died four years ago. He is survived by seven children and two brothers. The body was taken to Scio for burial.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a monosaccharide which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) condition of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa, suppressed or absent monthly periods, with pain from or accompanying an anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

The Secret of a Beautiful Face lies in keeping the skin protected as well as cleansed. Just washing is not enough—that only leaves the delicate surface more exposed to the irritation of dust and germs; to merciless attacks of sun and weather. After washing, apply Robertine and experience its delightful refreshment. You will admire the line-less softness it imparts to face, neck and arms. It not only stimulates a radiant glow, but protects the skin from becoming coarse. Prevents burning, tan and freckles.

It is not Economy

To do the family washing at home. When you figure up the cost of water, soap, starch, extra fire and time, and most of all the mess and trouble that it makes, and compare it with our price of **6 cents a pound**, washed, starched and dried and **25 cents a dozen** for flat pieces, you will see that you can't afford to wash at home.

Electricity for Lighting

Is only expensive to people who are wasteful and careless. To you, who are naturally careful, it does not come high. ∴ ∵ ∴

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn when not needed to save bother of lighting and adjusting. In some homes the electric light bills amount to only one or two dollars per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation—ruins your eyesight—smokes your walls—mars decorations and increases household work. You could probably save a dollar tomorrow by going without your meals but it wouldn't be economy. It is not so much what you save, but how you save that counts.
