CURE YOUR KIDNEYS

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor. Why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work. If you have any, even one, of the symptoms of kidney diseases, cure your self now, before diabetes, dropsy or Bright's disease sets in.

Mrs. L. Holson, of 717 Aura St., Pendleton, Ore., says: "I just as enthusiastically endorse Doan's Kidney Pills today as I did nearly three years ago. They relieved me of kidney trouble which had bothered me for a considerable time. There was aching pains across the small of my back and down through my kidneys, which were aggravated by colds which settled in the back and loins and caused an awful lameness. This was my condition when I began taking Doan's Kidney Pills. This remedy cleansed the backache and pains through the loins, regulated the kidney secretions and removed every symptom of the trouble. From that day to this there has been no recurrence, and I give Doan's Kidney Pills all the credit. I consider them to be the best kidney remedy procurable and recommend them whenever the occasion arises."

For sale by all druggists. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

FEEDING CHICKS.

Foods Which Should Supplement the Prepared Foods.

The chicken business has been relieved of much of its drudgery by the introduction of the dry feeding method. Formerly every poultryman or poultry woman had a method of his or her own and some of the bills of fare were about as elaborate as those of the Waldorf-Astoria. Now all is changed. The poultryman throws in a few handfuls of chick feed four or five times a day, and the chicks do the rest. But there is room for a few suggestions even here. Chicks need vegetables to balance the grains of which the chick feed is composed. A blood beet cut in two or a mangel will be eagerly attacked. The heart of a cabbage is good. Onions chopped fine are relished. A handful of fresh beef scraps scattered over the floor once a day will be found and devoured. It is a good rule never to give little chicks more chick feed or cracked corn at a time than they will eat up clean.

I find it a good plan after the chicks are two weeks old to keep before them all the time a mixture made up as follows: Bran, two parts; clover meal, two parts; bone meal, one part; a little salt and a little charcoal. This is fed dry and in addition to the chick feed and vegetables. I ought also to add that I keep clean cool water before my chicks from the very start.

I am in no hurry to get my chicks out on the ground unless the weather is exceptionally fine, for I feel that they are safer and better in a house. In one of the little houses such as I build, with open front and with the floor littered an inch deep with clean sea sand, chicks are safer and better off than they are anywhere else. They are out of the way of hawks, skunks, cats and human thieves and grow like weeds.

When my chicks are six weeks or two months old then I let them out into their yards. From now on I use the hopper system of feeding and keep feed before them all the time. In one compartment of the hopper is a dry mash made as follows: One part clover meal, two parts mixed feed, one part cornmeal, one part beef scraps, a little salt, a little charcoal. The ingredients are compounded by bulk rather than by weight. In the other compartment of the hopper I keep cracked corn. In their yards the chicks find grass, bugs, worms and later in the season apples, peaches and plums. As soon as practicable I separate the sexes and always aim to keep chicks of the same size together.—Cor. American Poultry Advocate.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Foley's Ointment cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Foley's Ointment does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Staffin Drug Co., M. L. Thompson, Falls City.
