Polk County Observer

J. C. HAYTER, EDITOR AND PUBLISHER.

Published Semi-Weekly at \$1.50 per Year.

Entered as second-class matter March 1, 1907, at the post office at Dallas, Oregon, under the Act of Congress of March 3, 1879.

DALLAS, OREGON, FEBRUARY 21,1908. ronise Dallas people.

An effort is being made by the young and Homer White, of Walla Walla. men of Dallas to organize a company names has been secured of those who friends. are willing to join the company if it can be organized. -

The Dallas Free Library is now sub azines and 3 weeklies, beside the more important daily papers. Citizens of Dallas who are interested in the betterment of this institution, may confer great benefit upon it by donating coples of magazines when they have finished reading them, or by giving back numbers of any good periodicals that Executor authorized to sell personal they may have on hand.

County Fruit Inspector J. B. Nunn says that within the past two weeks, J. H. Mulkey appointed appraisers. he has received orders for several thousand plants of various small fruits, mostly raspberries, from the farmers and fruit raisers of Dallas and vicinity who are preparing as Remington, 40.41 acres, t 8 s, r 5 w, rapidly as possible to supply the \$750. increased demand for these products which will be caused by the installing of a fruit cannery in this city.

J. H. McNary, the popular and efficient Prosecuting Attorney of the Third Judicial District, has decided acres in Burley Fruit Farm, \$468.50. that he does not want the office of Federal Prosecutor. He feels grateful 7 acres in D L C No. 7830, \$150. to his friends for their proffer of P P Buhler to David Nachtigall, cereals. assistance in landing the job, but says 15.18 acres, t 7 s, r 5 w, \$1,150. the salary is not sufficient to justify him in abandoning his law practice and surrendering his present position. Meanwhile, the Government office is still seeking a man.

The Corvallis cannery project is about to fall through for lack of support, and the newspapers of that city are making a frantic appeal to the business men to show more enterprise and liberality in subscribing for the stock. It would look as if a "prosperous local option town" like Corvallis ought to be able to make a success of a fittle enterprise like a fruit cannery. Here in Dallas, the stock was all subscribed in less than a week.

Pre- store. pared only by C. L. Hood Co., Lowell, Mass.

MRS. M. F. WHITE IS DEAD

The way to build up Dallas is to pat- Oregon, but a message was sent at once summoning him back to his home and he arrived at Rickreall last night. The time for the funeral services has not yet been determined upon.

Mrs. White was a daughter of Henry and Elizabeth Myer and was born on the old home place near Rickreall in 1855. In 1873, at the age of 18 years, she was married to M. F. White. The young couple settled near Rickreall, where they resided up to the present time. Mrs. White is survived by her bushand and four children-Henry and Myrtle, who reside on the home place, Mrs. Gussie Patton, of Salem,

Mrs. White was well known in Polk of militia. A paper is being circu-county, and her death is a source of lated, and already a goodly list of deep and heartfelt regret to her many

A Bold Step.

To overcome the well-grounded and de of cetions of the more inteligent to the use of weret, medicinal comands, Dr. R. V. Pierce, of Bulfalo, N Y., some time ago, decided to make a bold departure from the usual course pursued mestic use, and so has published broad-cast and openly to the whole world, a full and compose list of all the ingredients entering into the composition of his widely celebrated pediches. Thus he has taken his numerous vectrons and patients into by the makers of put-up medicines for dohis numerous patrons and patients into his full confidence. Thus too he has reis medicines from among secret nostreme of doubtful merits, and made them nemedies of Known Composition, By this bold step Dr. Pierce has shown

that he is not alraid to subject them to the he is not alraid to subject them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, 1-phi liver or billousness and all catarrhal diseases wherever located, have printed upon it in plain English, a full and complete list of all the Ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strenged possible terms, each and every largedient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one seming address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y. and roquesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "num-down," nervous and deallitated women, were employed, long years ago, by the Indians for similar aliments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of 1r. Pierce's Favorite Prescription was known to the Indians, as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the Indians. As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, an every of an exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, an every of the medicines.

PAUL FUNDMAN. Administrator of the estate of Thomas Orion, deceased. Oscar Hayter, Attorney. Dated and first published February 14, 1908.

Electricity for Lighting

Is only expensive to people who are wasteful and careless. To you, who are naturally careful, it does not come high.

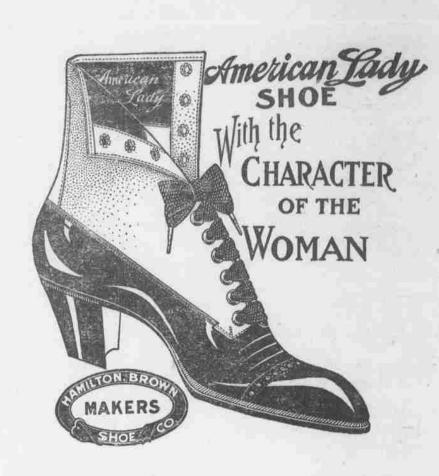

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn when not needed to save bother of lighting and adjusting. In some homes the electric light bills amount to only one or two dollars per mouth.
You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation-ruins your eyesight-smokes your walls-mars decorations and increases household work. You could probably save a dollar tomorrow by going without your meals but it wouldn't be economy. It is not so much what you save, but how you save that counts,
