DALLAS, OREGON, MARCH 6, 1908.

The way to build up Dallas is to patronize Dallas people.

AS TO INNOCENT PURCHASERS.

The lumbermen and mine owners will make a determined stand against that portion of Congressman Hawley's resolution which provides that those who have heretofore purchased land from the O. & C. Railroad Company shall be included in the suit to compel the forfeiture of the grant land. Hundreds of sawmills in Oregon, including three of the principal mills in Polk county, are running today on land purchased from the railroad company. None of these holders bought for speculative purposes, but on the contrary, bought to develop the lumber industry.

The Polk County sawmill and the Cone mill above Falls City are built on railroad land. The Willamette Valley Lumber Company's big mill in Dallas could not exist long without it, nor could the Dallas Lumber Company, nor the Spaulding Logging Company. It is said that nearly 400 sawmills in Oregon would be put out of business by the enforcement of the terms of the Hawley resolution.

In any steps the Government may take to compel the railroad to sell its grant lands, innocent purchasers should not be included. After the Government has knowingly looked on for 40 years and seen these men investing their money in purchasing this land and developing it, no step should be taken at this late day to throw a cloud on innocent purchasers' titles. Such a course would only result in irreparable injury to these purchasers, and would in no way benefit the people who are seeking to file upon the unsold portion of the railroad grant.

The Albany Herald swipes Dean Collins' poems and runs them in its editorial columns. It must seem refreshing to the readers of that sleepy old sheet to get some real live stuff once in a while.

Jim Sears is still after former Secretary of State Dunbar, and the case is now being threshed out in Judge Galloway's court in Salem. Sears contends that Dunbar was entitled to collect no more than his constitutional salary while serving the state, and that he should be compelled to turn over all fees to the state treasury. Dunbar is fighting to retain the fees, claiming that in putting them in his pocket he was clearly within his rights and was but following the precedent set by a long line of Secretaries before him. It is said that Dunbar's attorneys are willing to stipulate that the fees amounted to $40,000. Sears' attorneys believe that they amounted to nearly twice that sum. The outcome of the case will be awaited with considerable interest by the taxpayers.

The new ruling of the Postoffice Department which limits the length of time a newspaper may be sent to a subscriber after the expiration of the paid subscription, is going to prove popular with the reading public. The OBSERVER mailed out statements of account Wednesday to all subscribers who were in arrears, and was kept busy all day yesterday writing receipts for money. These subscribers, without a single exception, expressed their hearty approval of the new plan. So far we have not lost a subscription, and judging from present indications it does not seem likely that we will. In conducting a credit business, this paper has always endeavored to use judgment as to whose names were placed on the list and whose were left off, and by so doing we have kept subscription losses down to the minimum. If the new ruling of the Department is satisfactory to the subscribers, it is certain that it will be welcomed by the publishers. Any business man would rather do business for cash than on a credit basis, even though his losses on bad debts be kept at the lowest notch. So it would appear that the Department is satisfied and the readers and publishers are satisfied—a case of satisfaction all around.

How Is Your Blood?

If you lack strength, are nervous, have no appetite, don't sleep well, get tired easily, your blood is in bad condition. You cannot be strong without pure, rich blood. Hood's Sarsaparilla makes good, rich blood and keeps it good.

Dyspepsia—"For six months my system was out of order with dyspepsia and impure blood. Spent lots of money in vain, but Hood's Sarsaparilla cured me." JOS. S. ZAUBA, Genoa, Neb.

Had No Appetite—"I was troubled with dyspepsia and had no appetite. I had a faint feeling after eating. My constitution was all run down, but Hood's Sarsaparilla has fully relieved me." FLORENCE STOWE, Baldwinville, Wisconsin.

Weakness—"I bless the day I heard of Hood's Sarsaparilla, as it cured me of extreme weakness after grip, built my husband up after pneumonia, and cured eczema and blood-poisoning in our children." MRS. M. A. DELWORTH, Box 4, Embreeville, Pa.

Hood's Sarsaparilla is sold everywhere. In the usual liquid, or in tablet form called **Sarsatabs.** 100 Doses One Dollar. Prepared only by C. I. Hood Co., Lowell, Mass.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz.—pure triple-refined glycerine. This agent possesses nutritive medicinal properties of its own being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

Electricity for Lighting

Is only expensive to people who are wasteful and careless. To you, who are naturally careful, it does not come high.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn when not needed to save bother of lighting and adjusting. In some homes the electric light bills amount to only one or two dollars per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation—ruins your eyesight—smokes your walls—mars decorations and increases household work. You could probably save a dollar tomorrow by going without your meals but it wouldn't be economy. It is not so much what you save, but how you save that counts.
