ED F. COAD.

For County Judge.

J. G. VanOrsdel, candidate for County Judge of Polk County, Oregon, on the Democratic ticket, to be voted for at the primary on the 17th of April, 1908, submits the following platform:

First. I will advocate good roads and a fair distribution of the road tax. It is not just to collect taxes from the outlying districts, and not give the taxpayer his share of the road work to make it more convenient for him to reach market.

Second. No waste of public money; strictest economy consistent with a good administration of county affairs; a square deal and good treatment for every one.

Third. I will try, if nominated and elected, to work in harmony with the County Commissioners so far as I think is for the good of the people.

Fourth. Should the voters of Polk County decide that I am the proper person to fill the office of County Judge, I will give to the management of the business of the County the same energetic and careful attention that I have given my own business.

Fifth. I believe in the Direct Primary. I think this is one of the agencies in the hands of each elector to bring the government nearer to the people, and take it out of the "boss rule," giving us "a government of the people, by the people and for the people."

I will say in conclusion that I served the people of this county from 1896 to 1902 as sheriff, and you can look into my record, and if found wanting, you can turn me down the same as you should any man that was unfaithful in his trust.
