you'll realize that as many people see your back as your front. The cut of your coat, the hang of it, the way it fits your back—you can't see it yourself, but a lot of other people can. You want it right, and we offer you the clothes that will make it right, they're made by

HART SCHAFFNER & MARX

and there are no better clothes made. We show you here the back of one of our

Daring Burglars

Foiled!

The residences of several of our best citizens were attacked by a band of blacklegs now infesting this city, in the shape of Flies, Mosquitoes, Gnats, Bugs and Worms. But we are pleased to state that the blood-thirsty villains were foiled at every house where we have sold Wheeler screens—the only real Scientific Screen.

These Screens are really "burglar-proof," for they are the only Locking Screen; a burglar would have to cut the wire—which would awaken any one! People who sleep on first floors appreciate them.

Ten-Day Free Trial

On any or every window you wish to screen. No matter what you thought to buy, or what you thought to pay, first use the Wheeler ten days free, and learn all that a Screen must do to satisfy year after year.

Off they come after the trial if they fail in any way.
