FULTON CONGRATULATES CAKE.

United States Senator Charles W. Fulton has written a letter to H. M. Cake, in which the senator extends his congratulations to his successful opponent and assures him of such support as he can give. Senator Fulton's letter, which was written on the eve of his departure for Washington to resume his duties, is as follows:

"Portland, Or., April 20.—My dear Mr. Cake—I am leaving for the east in the morning, and before going wish to extend to you my congratulations on your nomination and my assurances of all the support I can give you. Trusting and believing that you will be elected, I am, sincerely yours (signed), C. W. FULTON."

Before his departure and after writing the letter to Cake, Fulton stated that he would vote the straight Republican ticket in the coming general election.

It doesn't appear that one position on the election ballot has any particular advantage over another. When the voters desire any particular candidate for an office, they seem to have no difficulty in finding his name.

The third annual Cherry Fair will be held in Salem early in July. Polk county growers captured a large percentage of the prizes at the Salem show last year, and will doubtless be well represented by exhibits again this year. Every cherry grower in Oregon should get in line and help make the show successful.

The case of the Wilson, Mitchell & Staver Company of Portland, versus Frank Lynn, of Perrydale, was brought before Justice Hardy Holman yesterday for hearing. The Portland firm claimed that it had sold Mr. Lynn a binder in 1905, and that he refused payment for the machine, while he claimed that it had been sold to him under the provision that if it proved unsatisfactory, no charge would be made. After a brief deliberation the jury decided the case in favor of Mr. Lynn, the defendant.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

I. N. Davidson, a former resident of Buena Vista, died suddenly at his home in North Yakima, Washington, Tuesday, of heart failure. He left a wife, two sons and one daughter. His wife was a daughter of the late Mr. and Mrs. Isaac Dempsey, of Rickreall. Mr. Davidson had many friends in Polk county, who will be grieved to learn of his death.

H. A. Kettner, of Raymond, Washington, is in Dallas examining the timber in this vicinity with the view of establishing a large broom handle factory. There is a great demand for handles of fir and especially of ash wood, and he says that if he finds enough ash timber available, he will endeavor to establish the factory and have it in operation as soon as possible.

Fred Wagner has just installed one of the Bareus horseshoeing devices. It is the latest thing out for shoeing horses. He has the best equipment and can do the best horseshoeing that is done in the county. He has none but the best of help, and therefore can back up just what he says. Just give him a trial and be convinced. There is no better work put out than is put out at his shop. 4-21-4t

Electricity for Lighting

Is only expensive to people who are wasteful and careless. To you, who are naturally careful, it does not come high.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn when not needed to save bother of lighting and adjusting. In some homes the electric light bills amount to only one or two dollars per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation—ruins your eyesight—smokes your walls—mars decorations and increases household work. You could probably save a dollar tomorrow by going without your meals but it wouldn't be economy. It is not so much what you save, but how you save that counts.
