

## NOW THE BABY CALVES.

By T. A. BORMAN, Kiamaa.

It beats the world how small farmers, men who would engage in the most economical use of their land and who should be saving every vestige of fodder and grain, will hang on to the old notion that the supreme service of a good cow is to rear a calf or two for the feed lot and in the end sacrifice her own body on the butcher's block. This best idea is an extravagant idea.

There are many farmers who would not object so much to milking cows and patronizing a creamery if they felt assured they could raise a calf with credit to themselves and their other farming operations.

It is possible to rear a calf on the hand separator sweet skim milk prop-

erly combined with grain, which calf at the end of twelve months will be worth as much money to the farmer either for placing in his feed lot or in selling to some feeder as the calf that has been reared at his mother's side.

I would have on every farm a herd of eight or ten cows, which cows can be handled with very great profit to the farmer and will add very largely to a system of maintaining soil fertility together with a sensible use of the land in the growing of crops.

Now, the farmer cannot afford at the present time to sacrifice his chances for a good calf, and he need not do so. Even though the farmer is procuring excellent prices for his butter fat he can't afford to mistreat or stunt the calf during the first two or three weeks of its life. I would, therefore, be as liberal as need be in feeding a young calf whole milk during this period.

At the end of the third week of the hand raised calf's existence he should be on a ration composed wholly of skim milk, eating some corn chop and nibbling hay. The calf should be thrifty, the eye bright, the coat glossy and smooth and the calf active. If properly and wisely fed until this date the calf will be all this and even more—hungry, playful and lusty.

Aside from the corn and the milk ration, see that the calf gets plenty of hay. It must have roughage to aid digestion and distend the stomach.

The potbellied, fat hammed, stunted and miserable calf creatures to be seen on many farms, not so frequently now as formerly, are the result of improper judgment used in feeding the baby calf. The calf so described is a disgrace to the owner, and he should feel ashamed of having produced the like.

Time on the farm is money just the same as in the factory. The farmer who is rearing a half dozen calves per year can't afford to be without stanchions. (See cut from Kansas Farmer.) Stanchions are as necessary in feeding calves as is an improved stall in making the dairy cow comfortable.

If calves are fed in an open pen in summer time I would build a stanchion in the lot. I would also have a set built in the calf barn. Stanchions are not so expensive but that the farmer can afford two sets.

At midnight each calf will have his head in the stanchion and the calf

CALF STANCHIONS.

waiting to be fastened. The feeder closes the stanchion and the calf is secure. The feed is given the calf according to his requirements and desires of the feeder. If the calf is a slow eater it is not molested by the greedy calf next to him.

Stanchions on the dairy farm will expedite greatly and overcome many of the obstacles and disagreeable things in feeding calves.

**Creameries and Factories.**

There are now in Minnesota 825 creameries and seventy-six cheese factories in actual operation, nearly all of them being operated and owned by the farmers, using the same system of bookkeeping that is given in the short course in the dairy school, and every

### Summons.

In the Circuit Court of the State of Oregon, for Polk County, Department No. 2.

James H. Hutchins, Plaintiff, v. Amy L. Hutchins, Defendant.

To Amy L. Hutchins, the above-named defendant:

In the Name of the State of Oregon, You are hereby required to appear and answer the complaint filed against you in the above-entitled Court and suit within six weeks from the date of the first publication of this summons, to-wit: On or before the 23rd day of June 1908, and if you fail to answer, or want thereof the plaintiff will apply to said Court for a decree as ordered for in said complaint, to-wit: That the marriage contract now and heretofore existing between plaintiff and defendant be forever annulled and dissolved; that the future care and custody of James Clifford Hutchins and Ernest C. Hutchins, minor children of plaintiff and defendant, be awarded to plaintiff; and that plaintiff may have such other and further relief as to the Court may seem just and equitable.

This summons, by an order of the Hon. Ed. F. Coad, County Judge of Polk County, Oregon, made at Chambers at Dallas, Oregon, on the 23rd day of May, 1908, is served upon you by the publication thereof not less than once a week for six consecutive weeks, beginning prior to the 23rd day of June, 1908, in the "Polk County Observer," a weekly newspaper of general circulation published in said County of Polk. The date of the first publication of this summons is May 5, 1908.

OSCAR HAYTER,  
Attorney for Plaintiff.

### Citation.

In the County Court of the State of Oregon, for Polk County.

In the matter of the estate of Fred C. Raymond, deceased, Citation.

To Nellie Raymond, widow, and Earl Raymond, Fern Raymond, Otto Belle Raymond, Iva Raymond and Rose Raymond, heirs of the above named Fred C. Raymond, deceased.

In the name of the State of Oregon you and each of you are hereby cited and required to appear in the County Court of the State of Oregon, in and for Polk County, at the Court Room thereof, in the City of Dallas, in said County of Polk, on Tuesday, the 23rd day of June A. D. 1908, the same being the first day of the term of said Court, at the hour of ten o'clock in the forenoon of said day, then and there to show cause, if any cause, why an order should not be made by said Court that the real property and estate heretofore described, or so much thereof as may be sufficient to satisfy the debts, claims and charges against the said estate, be sold by the Clerk of said County Court to satisfy said estate at private sale for cash as ordered for in the petition of said administrator filed herewith on the 18th day of April, 1908, for the purpose of raising funds sufficient for the payment and satisfaction of the debts and expenses of administration and the claims against the said estate and real property here described as follows, to-wit:

Lots numbered Eight (8) and Nine (9) in Block "L" and Lots numbered Nine (9), Ten (10), Eleven (11) and Twelve (12) in Block "O", in Falls City, Polk County, State of Oregon.

Witness: The Hon. Ed. F. Coad, Judge of the County Court of the State of Oregon, for Polk County, with the seal of said Court, at Dallas, this 18th day of April, A. D. 1908.

E. M. SMITH,  
Clerk of said County Court.

**Good Methods.**

The idea that great outlay for equipment is necessary to produce clean milk is erroneous. Milk of the best quality may be produced in an ordinary barn if the proper care be taken. The trouble has not been lack of expensive equipment, but lack of clean methods. This brief statement by Illinois dairy authorities simplifies the milk problem immensely.

### Cotton in Arizona.

Cotton has been known in Arizona many years. Attempts to grow it commercially, however, have thus far met with economic failure, due to absence of concerted effort, inexperienced and high priced labor and the belief that with the same soil and water better returns can usually be obtained from other crops. Experiments carried on in recent years have given more definite and favorable information concerning the crop in this region. A leaflet of the state experiment station on "Cotton Growing in Arizona" presents some of this and will be useful to prospective planters. It is said that the more recent experiments point strongly toward Egyptian cotton as best adapted to Arizona conditions. The climate of the Salt and Colorado river valleys is similar to that of Egypt. Both regions are irrigated and are distinguished by the long growing season, so essential to the proper maturing of Egyptian varieties of cotton.

Don't Mistake the Cause of Your Trouble. Delay May Prove Fatal.

Does your back ache? Do you get up lame in the morning? Do you feel dull and tired? Does it hurt you to bend over, to lift anything, to get up from a chair? Do you have sudden "catches" or stitches of pain in the back? Does a dull, throbbing ache settle in the small of your back and bother you day and night? Do you sometimes feel that you that you simply cannot straighten up? You cannot make any mistake by treating the kidneys at once, for it is these small troubles that lead to dropsy, diabetes and Bright's disease. If there is any doubt in your mind that the kidneys are affected, notice the urine for a few days. If passages are irregular, painful or too scanty, discolored, or full of sediment, the kidney's need help right away, and there is no other medicine more helpful than Doan's Kidney Pills, a simple remedy for the kidneys, yet so powerful that it quickly cures the cause and so ends all the painful and annoying symptoms.

Home cures prove the merit of Doan's Kidney Pills. Any person wishing to see the testimony of Dallas citizens may do so by calling at BELT & CHERRINGTON'S drug store.
