The way to build up Dallas is to patronize Dallas people.

BOOST FOR THE FAIR.

Now that Dallas has definitely decided to hold the Free Street Fair, it is the duty of every citizen to do all in his power to make the affair successful and creditable to the city. The finance committee has already raised a neat sum for the three days' entertainment, but more money is needed to secure desired attractions, and it is hoped that the business firms and citizens who have not yet been called upon will give liberally of their means to enable the management to carry out the program as originally planned. A most worthy feature of the proposed entertainment is the annual Pioneer Reunion, which will be held on Thursday, June 25. It is the desire of the committee to make this reunion the most successful of any ever held in Polk county and to spare no effort to give the honored guests a day of pleasure that they will long remember. It is proposed to make the noon banquet even more elaborate, if possible, than the feast of last year, and the committee feels assured that many people who have not been called upon to contribute money will be glad to donate eatables and flowers for the tables. Remember that every cent of money subscribed by Dallas people will be used in providing free entertainment for the three days, such as baseball, brass bands, sports and games, street illuminations, pioneer banquet, etc. Mr. Arnold will bring his tent shows and merry-go-rounds to Dallas for the occasion, but will ask nothing from the city farther than the use of a portion of one of the streets. Instead of asking for money, Mr. Arnold has kindly volunteered to furnish free of charge three of the greatest outdoor attractions each day—the balloon ascension, the high-wire performance, and the thrilling slide from the courthouse tower. The various committees are making excellent progress with their work, and are cheerfully doing their part toward making the affair successful. Let everyone boost for the big free street fair, and when the boys come around for your donation, give what you can afford and send them on their way rejoicing.

County Judge E. F. Coad and Commissioners J. B. Teal and William Riddell were at Perrydale today, inspecting the extensive bridge and highway improvements that are being made near that place.

An effort is being made to secure the sword and pistols that once belonged to General Nesmith, for display in Dallas during the big Pioneer Picnic, Thursday, June 25. These weapons are now in the possession of the Oregon Historical Society in Portland.

The cement covering which must be built over the mill race where it crosses Main street before that block can be macadamized, will be put in by the city at once, so that work can be commenced at that place as soon as the main business block along the Courthouse square is finished.

The funeral of O. W. Lloyd, who died in Falls City last Thursday, was held at his residence Friday afternoon. Mr. Lloyd was about 62 years old at the time of his death, and had been a resident of Falls City for nearly 30 years. He is survived by two daughters, both residing in California.

Floyd Myer, who has made a most enviable record for himself in the Willamette Valley as a baseball pitcher during the past five years, recently received a very flattering offer from the manager of the baseball team of Salt Lake City. He is now pitching for the Salem baseball team, and says that he will probably remain in Oregon during the present season.

A. W. Palmer has filed with the city council a new list of the sums subscribed by the business men of Dallas toward the payment of a night watchman's salary. The entire subscription amounts to about $41, and Mr. Palmer desires the city to give enough to make the salary equal to that paid to the former watchman. The council will make definite decision at their next meeting.

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless boon to prepare the system for baby's coming and rendering the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable, pelvic catarrhal drain, prolapsus, anteversion or retro-version or other displacements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native, medicinal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle-wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his *free* booklet treating of same.

You can't afford to accept as a substitute for this remedy of known composition a secret nostrum of unknown composition. Don't do it.

Electricity for Lighting

Is only expensive to people who are wasteful and careless. To you, who are naturally careful, it does not come high.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn when not needed to save bother of lighting and adjusting. In some homes the electric light bills amount to only one or two dollars per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation—ruins your eyesight—smokes your walls—mars decorations and increases household work. You could probably save a dollar tomorrow by going without your meals but it wouldn't be economy. It is not so much what you save, but how you save that counts.
