The way to build up Dallas is to patronize Dallas people.

COMPANY H ORGANIZED

Seventy Young Men of Dallas Mustered Into Service of Oregon and United States.

The organization of Company H, of the Oregon National Guard, was completed Thursday evening at the Woodman Hall, when the young men who had enlisted during the week were formally mustered in by Adjutant-General W. E. Finzer, of Portland.

More than enough men for a company were enlisted before Tuesday night, and on Wednesday evening, First Lieutenant C. C. McCormack, Assistant Surgeon, arrived in Dallas to put the men through the physical examination.

This work was carried on during the whole of the following day, and when General Finzer arrived on the evening train, a full number of 70 men had been examined and passed.

At 8:30 o'clock, Lieutenant R. W. Holman, the enlisting officer, entered the hall and the men were drawn up in line along the north and east walls for the roll call. Each man as his name was called advanced a pace from the line, answering as he did so, "Here!"

Adjutant-General Finzer stepped forward, and advanced to the center of the hall. Every man in the line straightened up instinctively, and every eye was fixed expectantly on the tall military figure. "Hold up your right hands!" Seventy men raised their right hands. "Repeat after me, what I shall read." "I do solemnly swear, or affirm," began the General, and repeated the oath of allegiance to the United States and the State of Oregon, the sound of his voice being followed at every pause by the strong response from the seventy men who stood before him. Thus was Company H, mustered into the service of the United States and of the State of Oregon.

After the close of this ceremony, General Finzer addressed the young guardsmen, congratulating them on their ready response to the call for men, and prophesying great success for the newly organized company.

Lieutenant Holman then held the election, and the men showed their appreciation of the steady and unselfish work of C. D. Chorpening in his efforts to secure the organization of the company in Dallas, by unanimously electing him to the office of captain.

A second meeting will be held at the Woodman Hall tonight, when Captain Chorpening will hold the election for the offices of First and Second Lieutenant, and will make appointments of non-commissioned officers.

The guns, tents, and mess outfits for the company were received in Dallas, Saturday evening, and the uniforms will arrive this week. The men will commence drilling at once and will endeavor to have Company H as well disciplined as possible, so that they may make a good showing at the summer encampment at American Lake in August.

Miss Susie Dyer, after a few days' visit at the home of her parents, Mr. and Mrs. R. F. Dyer, left Thursday afternoon for Rosalia, Wash., where she will resume her duties as telephone operator.

Lief Finseth, accompanied by his mother, returned from Portland, Saturday. His health is considerably improved, and he will soon be recovered from his recent attack of appendicitis.

The rock crusher and road roller recently purchased by Polk county will be shipped from Portland tomorrow, and will probably reach Polk Station, Thursday night. They will be unloaded at that place and the crusher will be taken immediately to the rock quarry near Salt Creek where it will be set up, and put in working order so that the proposed road improvement in that vicinity can be commenced immediately.

Electricity for Lighting

Is only expensive to people who are wasteful and careless. To you, who are naturally careful, it does not come high. ∴ ∴ ∴

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn when not needed to save bother of lighting and adjusting. In some homes the electric light bills amount to only one or two dollars per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation—ruins your eyesight—smokes your walls—mars decorations and increases household work. You could probably save a dollar tomorrow by going without your meals but it wouldn't be economy. It is not so much what you save, but how you save that counts.
