Polk County Observer

LESSEES

Published Semi-Weekly at $1.50 per Year. Strictly in Advance.

Entered as second-class matter March 5, 1907, at the post office at Dallas, Oregon, under the Act of Congress of March 3, 1879.

DALLAS, OREGON, JULY 7, 1908.

The way to build up Dallas is to patronize Dallas people.

A WORD OF GREETING.

The new management of the Observer, which formally addresses its subscribers and patrons for the first time through the editorial columns of this issue, believes that the past work of the paper has met with their hearty approval, and desires nothing better than that it may continue to merit and to receive the appreciation which has been justly accorded it in the past. We will endeavor, therefore, to maintain those vital policies that have determined the character of the paper heretofore, so that the change from the old management to the new may be practically imperceptible.

In our news service we will endeavor to be prompt, thorough and accurate, giving our readers all of the important news of Polk county while it is news, and making our reports brief, comprehensive and reliable. The correspondence columns, which have proven to be one of the most attractive features of the Friday issues, bringing the people of widely separated districts in close personal touch with each other, will be maintained as in the past, giving the live and typical news of every precinct in Polk county.

In its political views the Observer will remain Republican, and will adhere strictly to the same consistent policies that have characterized it in the past. It shall stand openly and frankly, as it has always stood, for all that it truly believes to be for the growth and upbuilding of Dallas and of Polk county; it shall be, as it has always been, frankly and unrelentingly opposed to those measures or institutions that it believes to be destructive or injurious to the prosperity and development of Polk county.

In closing we desire to extend our hearty thanks to our friends and patrons for the friendly feeling they have manifested toward us as we start in our new venture, and to our predecessor, for the kindly interest he has shown us, and the valuable advice and assistance that he has rendered us.

ALLGOOD & COLLINS.

Henry Black Is Hurt in Runaway.

Henry Black was thrown from his buggy and slightly bruised in a runaway yesterday afternoon. His horse became frightened at the road roller on Court street and bolted southward along Main. Mr. Black being thrown out as the buggy turned the corner. He kept his grip on the reins and was dragged for several yards before the horse was stopped. His injuries were comparatively slight however, and no damage at all was done to the rig.

Sewer Specifications Accepted.

The plans and specifications for the proposed new sewer system in Dallas were presented by the City Engineer at the meeting of the City Council last night, and were accepted. An ordinance to carry out the new improvement was read for the first time, and it is probable that it will be passed at the next meeting of the council, July 20, so that the work of installing the new sewer system may be commenced in August.

Laundry Changes Hands.

A. E. Thompson, of Portland, purchased and took possession of the Dallas Steam Laundry last week. Mr. Thompson is thoroughly familiar with the laundry business, having had more than 10 years' experience, and is perfectly competent to give his patrons fully as efficient service as can be secured in the laundries of the larger cities.

Hops Rise to Ten Cents.

The market for 1908 hops is now firmly on a 10-cent basis. As was stated in The Sunday Oregonian, rumors were current the latter part of last week of 10 cents being offered on contracts, and the rumors have since been verified. It was learned yesterday that John Carmichael, of Salem, the representative of Wigan, Richardson & Co., of London, had contracted for several lots at that price, the aggregate amount secured being, it was said, about 70,000 pounds. Among the growers reported to have made contracts with Carmichael were George Marlatt, of Jefferson; J. O. Sewell, of Hillsboro, and Jacobson, of Buena Vista. It is also known that 10-cent offers have been made to Krebs Bros. and to George Rose, of Salem, but these offers were not accepted.—Oregonian.

Irrigation Is Resumed.

The waste that was rapidly reducing the reserve supply of water in the reservoir was stopped Thursday evening, and the water rose more than eight feet before Friday morning, reaching its normal level in a few hours time. W. L. Soehren, superintendent of the water company, has allowed the people to resume irrigation, and says that he believes that there will be no necessity of again putting restrictions on his patrons as the reservoir is receiving daily an ample amount of water to give sufficient fire protection, and to meet all requirements both for domestic consumption and irrigation.

Salem Cherry Fair Postponed.

Owing to an unusually late season the Salem cherry fair has had to be postponed one week. The dates now given out are Thursday, Friday and Saturday, July 16, 17 and 18, instead of July 9, 10 and 11, as first announced. C. A. Park, fruit commissioner for this district, made a tour of the valley Friday and on his advice the executive committee of the fair association met Saturday and decided to postpone the fair. The fair has been widely advertised throughout the state, but it is not thought the postponement will work any harm. The postponement will not cause surprise to many valley growers who are preparing to exhibit.

Accident In Wheelbarrow Race.

Edward Shaw was painfully injured Saturday afternoon in the wheelbarrow race at the Falls City celebration. The race was run blindfold and Mr. Shaw, steering out of the track ran full speed into a buggy standing at the side of the street. The point of the shaft struck him over the right eye inflicting a painful gash, and he was knocked senseless by the force of the blow. A doctor was summoned at once, the cut in his forehead sewed up, and other cuts and bruises on his limbs and body attended to. Mr. Shaw will suffer no permanent ill effects from his rather peculiar accident.

Quiet Fourth in Dallas.

No celebration being held in Dallas on the Fourth of July, the city was very quiet throughout the day, even the proverbial small boy with his bunch of firecrackers and his suicidal tendencies being scarcely in evidence. The business houses were closed nearly all day. Several parties spent the day in pleasant picnic parties along the LaCreole, others remained quietly at home, and the remainder divided their favors between Falls City, Salem, Sheridan and other neighboring cities where celebrations were held.

First Concert Under New Leader.

A large crowd assembled at the city park Sunday afternoon to listen to the program of the first band concert given under the direction of the new leader, U. S. Grant. Mr. Grant has sent for new music, and says that he intends to introduce more classical music into the programs in future, and to play less of the inferior music, such as the light popular two steps, which are entirely unfit for concert work, although excellent for street playing and for marching.

The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on *Materia Medica* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed *free* to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It *will* cure the affections that lead up to consumption, *if taken in time.*
