SEWER CONTRACT AWARDED
Seven Companies Offer Bids on Project Before Council Session Wednesday Night.

The work on the extension of the sewer system of Dallas will be commenced at once, and the new mains will be completed by December 10. The city's advertisement for bids on the project brought few definite results until Wednesday, the day on which the bids closed, and then Judge L. D. Brown, the city auditor, was fairly overwhelmed by the throng of representatives from various firms, with requests to examine the plans, with bids to offer and scores of questions to ask concerning the project.

Bids from the following seven companies were submitted to the city council at its special session Wednesday evening: Venks & Taylor, of Cottage Grove; Jacobson-Bade Company, Pacific Contracting Company, Joseph Paquet, George Gordon, John Keating and G. W. Sweeney, of Portland. The bids were referred to the finance committee, which met yesterday morning, and after examining the merits of the various propositions, awarded the contract to Messrs Venks & Taylor, their bid being \$17983.75. The Council ratified their decision at a special session last night and work on the new sewer system will probably be begun as soon as the contract has been duly signed.

New Firm Takes Possession.
M. E. Schoweller retired from the Dallas Furniture Company, Wednesday, and the new firm of Adams & Brobst took control of the business. Mr. Brobst, who is a son-in-law of Mrs. Martha Staffin, of this city, came to Oregon last Fall from the East, and has won many friends in Dallas during his short residence here. He is now employed on the street improvement work with City Engineer Morrison, and will leave the active management of the new business in the hands of his partner until this Fall, when the street improvement will be temporarily discontinued. Conrad Staffin is also a stockholder in the new enterprise. Read the big ad of the new firm on the first page of this paper.

Pleasant Reception.
The members of the Epworth League of the Methodist Church gave a reception at the home of Mr. and Mrs. F. H. Morrison, Wednesday night, in compliment to Mr. and Mrs. Wesley Elliott. About 45 guests were present and the evening was spent in a most delightful social manner. Several instrumental solos were given and Miss Ruth Adams and Miss Hallie Morrison sang solos. Delicious refreshments were served during the evening.

GIVE GIFT TO ALMA MATER
Latest Graduating Class From Monmouth Normal Presents School With Memorial Tablet.

A dispatch from Monmouth in yesterday's Oregonian says: "A large marble slab has been presented by the June, '05, class to the Oregon State Normal School. The slab is 9x2½ feet and has carved upon it the name of the school and date of its founding, with also the date of the June class. It is placed in a niche in the tower, 40 feet above ground, and is not only an ornament to the building but a memorial of the large graduating class that erected it.

"The 1905 class has been notable in the history of the school for its enterprise and spirit, and it has further shown its originality in this last official act of its school life. The custom of each graduating class leaving a present to the institution has been in vogue for the past seven or eight years and the rule followed heretofore has been to give a picture or piece of statuary for the assembly hall or library.

"This class will be widely represented in the schools of the state the coming year, its members, who have so far reported, teaching in the following schools: Burns, Cove, La Grande, Condon, Mitchell, Wasco, The Dalles, Mount Hood, Seaside, Tillamook, Sheridan, Newberg, Salem, Albany, Eugene, Springfield and Grants Pass. The average salary received by the 20 or more who have reported and not including principals, is \$60 per month."

Nashville Students Coming.
Concerning the Nashville students, who are to appear at Woodman Hall in Dallas, Tuesday, September 8, it has been said: "The name Nashville Students, stands for the highest form of moral and universal entertainment today. And if you care for a good show that will give you an evening of thorough enjoyment, you will not be disappointed, as the people with the company, have been carefully selected for his or her singing and dancing ability. This company has been before the people for twenty-five years and there is hardly a person in America who has not heard of them. The roster, this year, includes the following well-known artists: 'The Mitchells,' 'The Partles From the South,' Henderson and Bruce, wholesale and retail dealers in fun, singing and dancing. Frank Edwards, who discusses the happenings of the present time and in a way that will make you forget your troubles. The other members of the company will do their share to make you happy. 9-4-1t

Closing Week of Mission.
The Catholic Mission in the Woodman Hall will be closed Sunday afternoon, September 6, at 3:30 o'clock instead of at 7:30 as was at first announced. The subject of the closing lecture will be "The Catholic Church and Its Doctrines." Non-Catholics will have an excellent opportunity on this occasion to get from an authentic source a good general idea of the holdings of the Catholic faith. The Fathers who are giving the mission desire to express their sincere gratitude to the people of Dallas for the kindly treatment that has been accorded them during their stay in this city. An active effort is under way to have the Sisters' hospital founded in Dallas, a movement, which if carried out, will mean much to the city and surrounding country. The greatest difficulty may be in getting the sisters to take charge of the new institution, owing to the fact that there is so great a demand for their services elsewhere.

August Library Report.
The report of the Dallas Free Library shows a lighter patronage than usual during the month of August, on account of the library having been closed Sundays. There were 579 books loaned, of which 454 were fiction, 18, non-fiction and 107, children's books, 1125 visitors called at the library, and 10 new borrowers' cards were issued. Three new volumes containing the detective tales of Gaborian were added to the list of books.

Collections.
I have been conducting a collecting agency in Dallas for more than a year, and have thus far met with almost uniform success. All accounts placed in my hands for collection will receive prompt and careful attention, and I feel that I can assure complete satisfaction to all my clients. 8-15-1t

CHEESES
WISE TALKS BY U. S. LOUGHARY'S OFFICE BOY

Yesterday a motherly looking lady came into the store and asked the main squeeze if there really was such a kid around the store as the one that looked like me. She said she had often seen boys with faces that resembled mine, but she couldn't recall ever having one on her calling list that had such an open countenance as I had. Honest, I had to just grin right out loud and dodge under one of the counters that have our imported cheeses on it. You know we carry every kind of good imported cheese that's wanted and some of them are "just the cheese," you bet. A nice thing about it is you don't have to make an ocean voyage to get them. If you want a nice brick of Limburger, you come right straight to us and you can get it. We have a new lot of Tillamook Twins and Young American. I am getting \$4 a week now and I am going to get a 50 cent raise the first of the month. I like Club cheese better than any kind. What's your choice?
