DALLAS, OREGON, DECEMBER 29, 1908

The way to build up Dallas is to put
route Dallas people.

The sending of the Dallas "Ore-gons" basketball team on a trip through the east is proving a great advertising feature for the county seat of Polk County. It will prove still more so if its progress continues as successful as the triumphal tour of the state of Washington.—McMinville News-Reporter.

The financial affairs of the State are in excellent condition. There is no state debt, bonded or otherwise. Warrants on all the funds have been paid in cash upon presentation, and there are ample funds on hand and owing to pay all obligations authorized by law. Practically the entire principal of the common school, agricultural college, and university funds is drawing interest for the benefit of the public schools, the State university and the State Agricultural College, respectively. Cash on hand \$678,320.15.—Annual Report of State Treasurer. What State in the Union can make a better showing?

Settled for better or worse, is the vexing December question, "What shall I get for Christmas?" The burning query for the coming month is "What shall I swear off for the New Year to gain the maximum of credit at the cost of the minimum of inconvenience?" The latter half of the second question is frequently incorporated by the harassed giver of gifts, in the consideration of the first question.

With reports of the appalling destruction wrought by the earthquake in Southern Italy yesterday just coming in, and with memories still fresh, of similar horrors, occurring in Chile, California, Portugal, in fact nearly every quarter of the globe, within the past few years, Oregonians may congratulate themselves on the fact that their state has been set on foundations that never have wobbled and that show no inclination toward wobbling in the future.

Would Secure Larger Pensions.

Dr. T. V. B. Embree received the following information last week from Congressman Hawley, regarding the effort that is being made to secure an advance of pension for the Indian War Veterans: "I agree with you that ten dollars per month is insufficient for the Indian War Veterans. I am working to make it \$16 per month but may not be able to get that amount. It should not be less than \$12 per month, anyhow. I have the matter now before the Committee, and will keep working until a substantial relief is granted."

Benton Yost was up from Portland last week for a holiday visit at the home of his parents, Mr. and Mrs. A. H. Yost.

PICTURE POLK'S RESOURCES

Statements of Many Farmers Give Startling Insight Into Possibilities of Production.

One of the attractive features, in fact the most attractive feature of the Christmas edition of the Salem Journal was the series of "Facts of Production" which it published to illustrate in the clearest and most conclusive manner the resources of the Willamette Valley, by actual examples. They are taken from the "1000 Facts of Production" issued last year.

These facts of production consist of statements made by farmers and stock raisers telling what they have actually accomplished in their various lines of work. Every statement has been positively authenticated and every statement tells of some exceptional achievement in the lines of farming and stock raising industries.

Collectively the facts fit together into one of the most remarkable expositions of the resources of Oregon that has yet been made. Fact upon fact the story is built up like a mosaic and the result is a picture of possibilities that might well startle even those who have lived the greater part of their lives in this marvelously productive section.

Prominent in the series given in the Christmas Journal are the statements of the men of Polk county and just as the whole collection portrays in the outline the resources of the Valley, so do the statements from Polk county give a sketch of the resources of our own "Blue Ribbon County" with a comprehensiveness not to be equalled.

Following are a few of the brighter bits of information that entered into the big picture of Oregon's resources and possibilities:

"Four Royal Ann cherry trees which I set out 1895 yielded \$13 net per tree in 1907, besides an abundance for family use.—F. G. McLench, Lincoln.

"In 1907 I had two and a half rows of red raspberries, 500 feet total length that had been out 13 years, from which I sold 104 crates at \$1.20 to \$1.50 per crate.—Percy Hibbard.

"I cleared \$750 in 1907 from five and one-half acres fruit, berries, etc.—Peter Kurze.

"From an acre of strawberries I sold \$220.10 worth, besides many gallons we used.—T. J. Gardner, Rt. 2, Salem.

"I had one acre of strawberries which sold for \$262 in 1907.—Peter Kurze.

"Our Cutbert raspberries continued to bear sufficient for table use up to Christmas last year.—T. J. Gardner, Rt. 2, Salem.

"I have four Royal Ann cherry trees that have netted me \$40 per year for several different years, and one Late Duke cherry tree, \$10 per year for a number of years.—Miss N. Taylor, Polk county, Rt. 2, Salem.

"Off my bearing cherry and prune orchards (for the season of 1907) off a trifle less than 40 acres, including some green prunes I bought of my neighbors and dried on my drier, at the same time I was drying my own crop, I realized \$14,000 of which 50 per cent was net profit.—S. P. Kimball, West Salem.

"I picked 14,000 pounds of Oregon Champion gooseberries from one and three-eighths acres. Sold for \$2 per 100 to cannery.—A. Vercler, Eola.

"Off one-half acre of young plants in 1906 I sold \$160 worth of strawberries; off same plants in 1907 I sold \$190 worth. Sold \$334 worth of strawberries, raspberries and Mammoth blackberries off less than an acre in 1907.—R. W. Hogg, Eola.

"From 1500 strawberry hills I netted \$325 in 1907.—W. H. Kraber, Dallas.

"Cleared, above all expenses, from two acres of cherries, \$700. Sold 400 pounds of Royal Ann cherries in 1907 for \$20, from one tree 14 years old.—A. Vercler, Eola.

"For 20 years a Governor Wood cherry tree has yielded an average of 500 pounds a year.—J. R. Shepard, Zena.

"From one grape vine I sold \$30 worth of Isabella grapes in 1907 at 3¢ to 5 cents per pound.—G. O. Holman, Dallas.

"Have a Bing cherry tree that yielded \$30 worth of cherries in 1907, and a Royal Ann \$18 worth.—M. Mutha, R. 1, Eola.

"Our yield of apples in the Wallace orchard in 1906 was 15,000 boxes on 45 acres, or 333 boxes per acre.—C. A. Park, Supt., West Salem.

"I finished picking my Virginia Greening apples in good condition on January 13, 1908.—F. G. McLench, Lincoln.

"From 143 trees in 1907 I sold 14 tons Royal Ann cherries at \$100 per ton.—B. I. Ferguson, R. 2, Eola.

"We raised at McCoy the record Lincoln long wool lamb for America in 1907—214 pounds at 7 months and 25 days.—Hawley & Son, McCoy.

"I sold a 2-year-old colt last season for \$300.—J. J. Finn, McCoy.

"I sell all the high grade Jersey heifers I can raise at one and one-half years old for \$50, and cannot supply the demand.—W. O. Morrow, Rickreall.

"Sold poultry and eggs in 1907 amounting to \$222.27.—W. B. Duncan.

"Our 75 registered Lincoln long wool ewes brought us \$2000 per year for the past two years.—Hawley & Son, McCoy.

"From one-half an acre of New Mammoth blackberries I realized in berries and plants \$250 in 1907.—D. Parker, R. 1, Salem.

Dallas College Has Second Place.
Although the Dallas College basketball team was defeated by the Monmouth team Saturday evening by a score of 26 to 16, this defeat will have no effect in its standing in the league as the team from Monmouth does not belong to the Oregon Basketball League. Dallas has risen to second place in the league, while with the loss of its first game, Willamette University falls to last place. The standing of the teams is as follows:

Uncle Bill Dispenses Candy.
J. L. Castle's grocery store presented a lively scene Christmas morning when the children of Dallas received from the hands of Uncle Bill Brown, who temporarily played in the role of Santa, their shares of the 600 pounds of candy that he had secured to distribute on Christmas day. In spite of the rainy weather the children turned out in large numbers and the whole 600 pounds were easily disposed of before the limited time had expired.
