DALLAS, OREGON, APRIL 27, 1909
The way to build up Dallas is to pa-
ronize Dallas people.

Actual packing operations will be begun in the Swift plant in Portland in July and with the beginning of these operations, stock raisers will be awakened to the fact that they are faced by a demand for hogs, which will, for a time at least, be beyond their power to supply. With this demand confronting them, the industry will undergo a sudden and important revolution and the raising of swine, heretofore pursued by farmer mainly as a side issue in their agricultural work, will shortly develop into one of the most important industries and most fruitful sources of wealth to the farming man, in the state.

The Hillsboro mohair pool, containing about 5,556 pounds, was sold Monday to A. J. Ray & Son, of Portland, at 24 1/2 cents. The hair was of fine quality and the price received is really the top of the market, although some stress is laid by Polk county papers on the 25 cents received for the pool of that county, where it is said that notwithstanding the higher figure owners netted the same amount as the Hillsboro pool, as the half cent above the local price was absorbed as commission by the manager.—Hillsboro Independent.

The Polk County pool aggregated about 77,000 pounds (something like 15 times the size of the Hillsboro pool) the share put in by a single mohair raiser being, in many cases, nearly as great as the entire pool sold in Washington county last week. While it should be a comparatively easy matter to secure a small pool of sufficiently excellent quality to warrant the highest market price, a pool the size of the one recently sold in Polk County, which is uniformly excellent enough to command such a price, is something out of the ordinary and is worthy of having considerable stress laid upon it.

With the month of April still nearly an inch "dry" of the normal amount of rainfall, last night's showers which fell in practically every section of the Willamette Valley, while they lacked considerable of being enough to bring the month up to its standard, will be worth thousands of dollars to farmers and horticulturists. Every drop that fell may be regarded as almost worth its weight in silver, as subsequent harvests will show.

The newly organized baseball team of Dallas College was lined up against the regulars at the ball park Saturday for a practice game. Although no match for their opponents, the collegians played good ball and give promise of producing a strong team.

He received an invitation Wednesday to be present at the opening ceremonies and promptly accepted. Oregon will have a prominent place at the Seattle fair and Oregon's chief executive will be one of the most prominent men at the opening day.

DROP LOCAL OPTION CASES

District Attorney Upon Request of Anti-Saloon League Decides To Discontinue Prosecution.
At the request of the Anti-Saloon League, the District Attorney has decided to drop the local option cases, two of which were tried last week and resulted in mistrials and six of which (one a retrial) were set for hearings to begin today.

In explanation of their movement to have the prosecution suspended, the representatives of the Anti-Saloon League stated that the first two cases had resulted in mistrials and there was every indication that the outcome of the remaining cases would be the same. They were therefore unwilling to subject the taxpayers of the county to the heavy expense of carrying on a series of prosecutions which seemed almost certain to be without satisfactory result.

District Attorney Sibley made his formal announcement Saturday to Oscar Hayer, the attorney for the defense in the six cases yet untried, that the prosecution had decided to drop them.

Farewell Surprise Party.

A pleasant surprise party was given at the home of Mr. and Mrs. T. D. Phillips, Saturday night in compliment to Mr. and Mrs. W. I. Reynolds and son, Willis, who left Dallas this week for their new home in Marion county. About 50 guests were present and the evening was spent in a delightful social manner, a delicious luncheon being served during the evening.

Display School Exhibit.

The teachers of the Dallas public school are placing on display in the window of Staftrin's drug store this afternoon a portion of the exhibit which the children have been preparing for the Alaska-Yukon-Pacific Exposition. The work is all extremely neat and well gotten up and is highly creditable to the children who have labored so conscientiously in their efforts to produce a good exhibit.

J. P. Byers came up from McMinnville, Saturday, for a short visit with his family.

A number of women from Dallas attended the W. C. T. U. Institute which was held in Independence last week, and report an interesting meeting. The association is endeavoring to raise a \$800 fund for state work by collecting pennies. Two of the state officers of the organization were present at the meeting.

J. H. Heard, who appeared in Dallas last Fall with his theatrical company, is again in this city endeavoring to arrange for putting on a musical comedy with home talent. Mr. Heard has been promoting home talent entertainments in different valley towns for several months and has met with excellent success.

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for their child. Expectant mothers will find it a precious safeguard to the system for baby's coming and reducing the ordeal comparatively painless. It cures indigestion, constipation, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, back-ache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable, pelvic catarrhal drain, prolapsus, anteversion or retroversion or other displacements of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weakness and peculiar ailments is a pure glyceric extract of the choicest native medicinal roots without a drop of alcohol in its makeup. All its ingredients printed in plain English on its bottle wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the medical science of the day for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his free booklet treating of same.

And don't afford to accept as a substitute for this remedy of known composition a secret nostrum of unknown composition. Don't do it.

At the Star Theater.

"In the Days of Witchcraft" at the Star Theater tonight. A story of that period in history when all unusual things were explained as witchcraft and innocent persons charged with the practice of the black art were subjected to terrible tortures and sometimes death by the misguided efforts of the authorities to overthrow the supposed practice. Other interesting scenes will be shown and illustrated songs will be given. Excellent music by the orchestra.

The Best of Coffee.

The person who is seeking the brand of coffee which is best in every respect, will find that the famous German-American brand will fully meet the requirements. The coffee is raised on a 43,000 acre plantation in the Tumbala range of the Sierra Madras and is shipped in the hull direct to the Portland roasting house where it is hulled, roasted and sealed in practically airtight packages.
