Just at the present time every indication is good for a fairly heavy fall of rain and should it come, this is probably the most auspicious time that could possibly be chosen. The condition of the crops is such that while the coming of rain would be of inestimable benefit to agriculturists throughout the valley, there is scarcely a thing that would be seriously injured by a "good soaking rain" at this juncture.

### GIVE DALLAS PUBLICITY

Movement Afoot to Send Float and Delegation to Rose Festival in Portland.

M. W. Wilkins, of the Wilkins' Real Estate Company, is working, with a good prospect for success, to secure the interest and co-operation of the people of Dallas in a plan to arrange for a big representation of this city at the Rose Carnival in Portland on Monday, June 7.

The assistance of the Merchants' Protective Association will be secured, and it is the intention to circulate a paper among the citizens of Dallas about Saturday for the purpose of raising funds to carry out the project.

Briefly outlined the plan suggested by Mr. Wilkins is as follows: The largest possible delegation of citizens and business men of Dallas is to go down to Portland on June 7th. The members of the Dallas band have already made known their willingness to go on the excursion and furnish music for the occasion. In addition to the idea of sending a delegation of boosters for Dallas, it is planned to enter one or more floats in the big parade. The floats are to be gotten up in an artistic manner and to contain legends, lettered in roses, calling attention to Dallas as the ideal place for a home.

The Portland Rose Festival is bound to attract an enormous crowd of persons just from the East. For that reason every city of importance in the Willamette Valley will vie with its sister cities in an effort to attract the attention and interest of the newcomers. Those who are agitating the movement to send a float and delegation from Dallas, are doing so in the belief that the occasion of the Rose Festival will give one of the best opportunities than can be secured for strong and effective advertising of this community and its resources.

Both men are in a critical condition but it is hoped that they will recover.

Born, to Mr. and Mrs. George Bronson, of Lewisville, Monday, May 24, a daughter.

W. L. Gilson left Wednesday for Vancouver, where he has large property holdings.

The D. L. Key farm consisting of 184 acres near McCoy was sold yesterday to Ira J. White for the sum of \$13,000, or about \$75 an acre. The Key tract is regarded as one of the best in that locality.
