Final Eighth Grade Examinations.
The June final examinations for the eighth grades of the public schools will be held Thursday and Friday of this week. In Polk County about 100 applicants will write for papers, a great many being those who failed in the May examination and are making a second effort to secure passing grades. The class of applicants will number about 25. The greater part of this class, however, is composed of pupils who passed in the May examinations but are making an effort to raise their grades. Very few of the Dallas applicants failed to pass the May examinations. The graduation exercises for the eighth grade of the Dallas public school will be held about June 16.

COMMUNITY SILVER

The Flower-de Luce design possesses unusual beauty and distinction. It embodies the best traditions of silversmithing—not only as to artistic standards, but in the skill of the craftsman who put the ideas into enduring form.

The plate of the Community Silver is unusually heavy. A test conducted by the U. S. Government Assayer for the "Goldsmith and Silversmith" showed that Community Silver had an ounce more pure silver than any other plated ware.

YOUR SITTING ROOM LIGHT

Is it bright enough and well distributed enough to allow the whole family to read or work in any part of the room in comfort? Is it a vertical burner that wastes its best brilliancy on the ceiling? The Angle Lamp throws its light down upon your book or table. It is oil lighting at its best, with the smoke, smell, and bother of ordinary lamps eliminated by new methods. Yet it is fully one-half cheaper to burn than even the ordinary lamps.

The ANGLE LAMP
resembles a handsome gas chandelier in appearance and is a perfect substitute for gas in operating convenience. It is lighted and extinguished like gas. It may be turned up once or twice a week. Floods every corner of a room, floor and ceiling, with a splendid light. Call and see it or write for catalog.
