 The way to build up Astoria is to give service to the people.

WILL GO IT ALONE.

With the respective claims of the two normal schools for recognition submitted in separate bills there can be no chance of a "combined" bill. The bill for the Astoria Normal School is now in the hands of the committee on education. The bill for the Clatsop Normal School is now in the hands of the committee on education. A full ticket led by Chamberlain for Governor and District Attorney was put forward for the Senate in the morning. Their names were perfectly legitimate. It was accepted by their party and Republicanism didn't complain about it. Attending the Republican convention there is a large number of voters. The more the better—the conference then will be the nature of a mass meeting as well as an assembly of delegates. The one object will be to secure the candidates upon whom the party is agreed. The situation will require unusual care and deliberation. All know that men must be selected who may be expected to carry their party, for only such can be elected. The situation is a delicate one. The party must be careful not to select a man who is not a native son of the county. The party must be careful not to select a man who is not a native son of the county.
