FEW VOTERS REGISTER

ONLY FIFTY PER CENT OF NAMES ENROLLED IN POLK.

Voters Come In Slowly, and Officials Believe Registration Will Not Exceed 2000.

With but seven more days in which to register for the primary election, only 50 per cent of the voters of Polk County have registered.

The total registration in Polk County two years ago was 3111. Up to the close of office hours last night, the total number of voters registered was 1545.

The expected rush of voters during the last few days of the registration period has not materialized, and it now seems probable that the total number to register this year will not exceed 2000.

County Clerk Smith has held his office in readiness to accommodate any possible rush of voters that might occur in the closing days, but as yet there is no indication that an extra force of deputies will be needed.

In the Dallas precincts, where 842 voters registered two years ago, only 512 have registered to date. In Independence, where 436 registered two years ago, only 195 are on the books this year.

The following table shows the registration of 1908 and the registration to date for this year. In explanation of these figures, it should be kept in mind that several of the larger precincts have been divided, and that Rock Creek precinct has been abolished.

Table with 2 columns: Precinct, 1908, 1910. Rows include Douglas, Jackson, Salt Lake, Spring Valley, Eola, Rickreall, South Independence, North Independence, Buena Vista, Suver, Ucklamute, Bridgeport, East Dallas, South Dallas, North Dallas, Southeast Dallas, Northwest Dallas, McCoy, South Monmouth, North Monmouth, Falls City, North Falls City, Rock Creek, Black Rock, Padon, Buell.

HELP FOR DALLAS COLLEGE

General Conference Will Be Asked to Increase Endowment.

Dr. C. C. Poling, presiding elder of the United Evangelical Church, and the Reverend A. A. Winter, president of Dallas College, will leave Thursday for Canton, Ohio, where they will attend the General Conference of the church as delegates from the Oregon Conference.

Dr. Poling says the coming session of the General Conference promises to be one of the most important ever held by the church. In addition to the election of Bishops, all of whose terms of office will expire this year, the proposed consolidation of the United Evangelical Church and the Evangelical Association will be finally discussed and will be brought to a vote.

The affairs of Dallas College will also be considered by the General Conference at this session and it is expected that the Oregon school will be given valuable assistance in a financial way.

Money aid for Dallas College from the conference was conditioned upon the school raising \$25,000 of the endowment fund on the Pacific Coast. As this amount has been raised by the college officials, the conference will be asked to come forward with the promised support.

Both Dr. Poling and President Winter will visit relatives in Pennsylvania after the adjournment of conference, and they expect to return to Dallas late in October.

PARALYTIC STROKE FATAL

August Bittner Dies at Dallas Hospital After Short Illness.

August Bittner, an aged German resident of North Dallas, died at the Dallas Hospital, Friday morning, September 2, from the effects of paralysis.

County Judge Coad called at the old man's home a few days before his death and found him in a critical condition and without money. Orders were at once given to have him removed to the hospital for better care and attention. The effort to save his life was of no avail.

Mr. Bittner was born in Germany in 1826. He had been a resident of the United States for many years, coming to Dallas twelve years ago. He is survived by his aged wife.

The funeral service was conducted by the Rev. Leon Myers, Saturday morning, and the body was given burial in the Odd Fellows' cemetery.

NO HOPE OF GOVERNOR

ANTI-ASSEMBLY FORCES READY TO CONCEDE DEFEAT.

Neither Hofer Nor Dimick Are Longer Considered Factors in Primary Race.

Hopes of the anti-assembly Republicans of electing a Governor are in a dismal state. The fact is admitted even by anti-assembly leaders. The raging question in the anti-fold has become "What are we going to do about it?"

That Acting Governor Bowerman now has the Republican nomination in his vest pocket is conceded in the anti-assembly camp. For the activity of anti-assembly candidates for Governor, by a strange paradox, are admittedly strengthening Mr. Bowerman's chances.

Colonel E. Hofer is touring the state by auto picking up votes, while Judge Dimick and Albert Abraham are doing the same thing. Neither is developing strength enough, however, to be considered a factor in the primary race, and since the regular Republicans will stand together almost to a man, the vote of the three anti-assembly candidates serves merely to split up the work of their faction and establish Mr. Bowerman's chances on the firm rock of certainty.

Bourne Men Perplexed.

Hence, the question "What are we going to do about it?" is proving unusually perplexing, particularly to the followers of Jonathan Bourne. Bourne needs one of his own clan in the Governor's chair in order to garner strength therefrom two years hence, when he must fight for his own official neck.

Some slender hopes are yet based on Dimick. To be prepared for the future the Bourne element is casting about in many directions.

Should Oswald West gain the Democratic nomination, the sliding would be smooth. But there isn't any certainty that West will get the Democratic nomination. In fact, followers of Jefferson Myers are now declaring that a canvass of the state gives their man a clear lead. Mr. Myers is very busy touring the state in his own behalf.

So, with Mr. Myers as the Democratic nominee and Mr. Bowerman as the Republican choice, the Bourne element, which dominates to a large degree the anti-assembly faction, would be in a dilemma indeed. The only recourse will be an independent Republican candidate.

Ben Selling is held in mind by many of the anti-followers. They tried hard to get him into the fight before the primaries, but he wanted a clear field and all efforts to give him a clear field met with failure.
