### GOOD POINTS OF DEVON CATTLE.

Among the several breeds of cattle that have been imported into this country, mostly from England, the breed that has been most modest in pushing its claim, I am quite sure, is the Devon, writes a Missouri breeder. Of course no one will claim for the Devons that they are as good as any other breed, but they are as good as any other breed, and they have made many records as good as any other breed. A test made at an experiment station in the north-west shows that one Devon cow made two and two-fifths pounds of butter a day. But the breed has never been exploited as special butter cows or beef cows, although the quality of the meat and the distribution of the meat as to the proportion in the choice cuts have

because they are so superior as to be of no reason for them to be low in the scale as to other points of excellence. They are good milkers, and the milk is rich, and they have made many records as good as any other breed. A test made at an experiment station in the north-west shows that one Devon cow made two and two-fifths pounds of butter a day. But the breed has never been exploited as special butter cows or beef cows, although the quality of the meat and the distribution of the meat as to the proportion in the choice cuts have

TYPICAL HEAD OF DEVON CATTLE.

given them an enviable reputation for beef animals. So that young animals bring top prices as beef cattle, and as they mature early the chances are that Devons stand that have been fairly treated will show more of the best cuts in proportion than any other breed. In the department of agriculture report for the year ended July, 1907, the following figures show the number of animals registered of the best known breeds: Shorthorns, a total of 715,083; Jerseys, 254,270; Herefords, 258,383; Holsteins, 152,718; Angus, 103,302. The Devons were only 22,372 head. They exceeded only the Ayrshires, Guernseys and Red Polls. These figures show the total number of each breed registered since the breed

books were started and do not represent only those now alive. The breed is holding its own in this country, and all who own and breed Devons are enthusiastic champions of their virtues.

**Sheep Keeping.**  
Much has been said from time to time on the subject of the advantage of keeping sheep on every farm, says the Homestead. Yet there is no sort of domestic animal that has failed to meet with general appreciation in the same degree as the sheep. Truly there is no farm that can afford not to keep sheep. The sheep is an animal of refined instincts. He is not a gross feeder, so that neither in the fattening nor the growing periods is there demand for the laborious effort that attends hog raising at all times. He is a close grazer and will, if the need be, take an existence where other farm animals would find it impossible to do so. He will also devour weeds and objectionable vegetation that would otherwise prove a nuisance. He is a close cleaner, with the faculty of gaining his subsistence from grains and herbage that would else be lost.

**Selling Corn or Hogs.**  
The farmer who makes a practice of raising grain exclusively, hauling it to the elevator and selling it to a dealer, himself, or in other words, depicting the fertility of the farm. Every year as the crop is gathered and sold off the place it is left with decreased productive power for the future. It is like milking or digging out the value of the soil and shipping it to the market. It is selling your farm virtually through the elevator. Selling the corn by the bush or through any other live stock is retaining the fertility. Try a proper system of diversified farming and rotation of crops you can build up and improve instead of destroying the productive power of your soil.

Albany will move for a Y. M. C. A. building.  
A \$1,000,000 oil company has been organized at Yale.  
Much road improvement is going on around Herndon.  
On one day, one Oakland firm handled 50,000 pounds of turkeys.  
On November 20 a Talent man picked fine large ripe strawberries.

Mines in Mormon Basin, Malheur county are yielding encouragingly.  
Prineville banks show a big gain; have resources of about \$1,000,000.  
Three new postoffices were established in Crook county in one week.  
Within less than two months, 290 carloads of products were shipped from Union.

Williamina man hung two quarters of beef in his woodshed one evening, never saw them again.  
Wasco county taxpayers will vote on a new court house, which the Optimist says is badly needed.

Langlois is gradually rebuilding; one new building is a hotel, and the upper floor of another will be used as a Woodmen's hall.

U. S. Kelsey of Powder River is just completing an irrigation ditch whereby he can irrigate 1200 acres of choice land only one and one-half miles from the city.

The run of salmon on the Umpqua for the past season has been a banner one and as a result between \$30,000 and \$40,000 will be distributed among the fishermen.

The latest exploitation of Benton county lands is being made by the Bloomington Fruit & Nut company, an organization completed at Bloomington, Illinois, during the summer.

There is not a vacant dwelling nor business house in Seilo and we hear of more people coming within the next few weeks, says the News.

Eleven road districts in Linn county have notices posted calling special meetings for the purpose of levying a special tax for good roads purposes.

Joseph Herald: Several Montana capitalists are looking over this section with a view of making some large land investments for stock raising; have made an offer of \$75,000 to one of our sheepmen for his holdings.

In the new Wallawa county beet fields the best yields average over 14 tons per acre for the entire field, while the best special fields average fully 20 tons per acre. The total for the entire crop has been satisfactory and the company expects to produce three times as much next season.

The fruit grown around Banks is of the kind that takes prizes at fruit exhibits for its superiority in quality and flavor. The apples are better flavored than most of the apples grown in the many famous and favored sections of Oregon and Washington, claims the Herald.

The Salem Journal advocates a new \$2,000,000 capital building. That is getting at least fifteen years ahead of time, thinks the Eugene Guard.

A Hugo, Josephine county man, says that there has been more clearing of land and planting and other development in that country this year than for many years past.

Another 1000 acres is being planted to orchard in the Sutherlin valley. This will be doubled before the planting season is over. Heavy planting will be done in other parts of Douglas county also.

L. C. Penrod, correspondent No. 8633 of the Eugene Commercial club, has arrived and has rented a house and will go into the poultry business. He is importing from Pennsylvania 50 blooded fowls.

The possum is not to be found among the fauna of southern Oregon, but he should be here, for his favorite fruit, the persimmon, grows here abundantly wherever it has been tried, says the Gold Hill News.

Cider such as would make Bacchus forsake his blushing goblet or Gambrinus his bubbling brew, the white wine, as the poet says, has been in Gold Hill the past few days by James Davis, the pioneer miner-orchardist of the Blackwell hills, warbles the Gold Hill News.

Woodville is the scene of great activity these days, says a correspondent. The foundation of the new bank is being built; Palmer & Palmer are building a large warehouse; Mr. Perout has finished a two-story mill on his mine adjoining Woodville, and other construction is under way.

Ripe red raspberries in abundance, picked from Oregon bushes on November 26, and as luscious as the midsummer product, is just one of the many tributes to Oregon climate that make this state famous the world over. And this happened in Lane county, close to Eugene, says the Register.

Correspondence Medford Mail-Tribune: It is hoped that another year will bring local matters into such shape that Butte Falls will boom and many plants be built and the railroad have plenty of traffic and the timber begin to move from this point, for the conditions are ripe for making this a very important manufacturing center and point of distribution.

Weighted down by clinging snow, the first peach tree planted in southern Oregon bowed its head on Thanksgiving day and went the way all things have life must go. For 53 years the tree had thrown off the attacks of wintry blasts, but old age had undermined the strength of former years and the end came. It was planted in Jacksonville by Peter Britt in 1857.

**Bills of Sale.**  
At this busy season of the year, when crops, livestock and other personal property is changing hands, bills of sale are in demand. The Observer carries a complete stock of these blanks, neatly printed and in legal form. Call or telephone.

**Don't Be Hopeless.**  
About yourself when you're crippled with rheumatism or stiff joints, or when you've tried lots of things and they failed. Try Ballard's Snow Liniment—it will drive away all aches, pains and stiffness and leave you as well as you ever were. For sale by Conrad Stafrin.

Malheur county is growing. Her taxable property is growing. Her assessable property is growing in value. Her people are prosperous, says the Oregonian.

The quicker a cold is gotten rid of the less the danger from pneumonia and other serious diseases. Dr. W. W. Hall, of Waverly, Va., says: "I am a sufferer from Chamberlain's Cough Remedy, and I am convinced that it is the best remedy for colds. I have recommended it to my friends and they all agree with me." For sale by all good druggists.

**Saved from Awful Death.**  
How an appalling calamity in his family was prevented is told by A. A. McDonald, of Fayetteville, N. C. R. F. D. No. 8. "My sister had consumption," he writes, "she was very thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and she was completely cured her, that she has not been troubled with a cough since. Her best medicine is ever said of her." For coughs, colds, laryngitis, asthma, croup, hemorrhage, all bronchial troubles, it has no equal. 50c. \$1.00. Trial bottle free. Guaranteed by all druggists.

**The Cost Is Small.**  
Buyer and seller can be brought together at a cost of only a few cents by placing an advertisement in the Observer's "Wanted" and "For Sale" columns. Try it the next time you have anything to buy or sell.

Legs, blanks for sale at this office.

At the new town of Jamieson in Malheur county 1000 acres are being cleared of sage brush preparatory to being planted to fruit trees, 85,000 trees having already been ordered.  
It is not often that a hunter is caught by his own trap, but that is what happened to a Mapleton man. He was setting a trap for a bear, when it sprung and caught him by the fingers.

Harbor correspondence of Port Orford Tribune: A good many strangers have been attracted to this section of late, evidently in anticipation of a coast railroad coming soon. Some of them are men of means looking for nice homes, and if such they would not hesitate in purchasing at good figures.

**Eczema.**  
Is considered hard to cure. Try Dr. Bell's Antiseptic Salve and you will change your mind. You will see an improvement from the first application.

A Douglas county fruitgrower who consigned 50 boxes of peaches to Chicago last summer has lately received a bill for \$115 as deficiency charges. Another grower who consigned about 500 boxes of peaches finally received a check for \$13. This all shows that the commission house graft is still being worked occasionally, says the Review.

**Try It, Try It.**  
Try Dr. Bell's Antiseptic Salve for all skin troubles. It is as pleasant as sweet cream and guaranteed to give satisfaction in worst cases. 25c a box.

Among presents received by Mrs. R. J. McElmurry, of Albany, on her eightieth birthday were a quarter of beef, a quarter of goat, three dressed chickens, a guinea fowl, a cake, apron, handkerchief, and 57 postcards.

**Antiseptic remedies.**  
destroy disease germs. Dr. Bell's Antiseptic Salve is an antiseptic remedy for external and internal pains, relief is almost instantaneous. Sold by all dealers.

**Irrigation looks mighty fine these days.** Your best time of the year is just coming on, says the Irrigator. It is pleasant here all the year round, excepting a trifling zephyr now and then. But these little breezes blow away the germs, clear the atmosphere and make the succeeding days brighter and more cheerful. Irrigation is all right. We have the soil, the climate and the water.

**How's This?**  
Wants to Help Some One.  
For thirty years J. F. Boyer, of Fertile, Mo., needed help and couldn't find it. That's why he wants to help some one now. Suffering so long himself he feels for all distress from Backache, Nervousness, Loss of Appetite, Lassitude and Kidney disorders. He shows that Electric Bitters work wonders for such troubles. "Five bottles," he writes, "wholly cured me and now I am well and hearty." It's also positively guaranteed for Liver Trouble, Dyspepsia, Head Disorders, Female Complaints and Malaria. Try them. 50c at all druggists.

Improvement work is being rushed on all parts of the Herndon project. New houses and other buildings are going up and land is being put in shape, reports the Herald. Practically all seedling for this fall is done and the land now being worked will be sown early in the spring.

**Ends Winter's Troubles.**  
To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skin, prove this. But such troubles fly before Bucken's Arnica Salve. A trial convinces. Greatest healer of Burns, Boils, Piles, Cuts, Sores, Eczema and Sprains. Only 25c at all druggists.

Benton county should be raising 4000 carloads of apples, remarks the Gazette-Times and could do so if the apple land was planted and cared for. Some day, perhaps, we will wake up to it. Wnatwache is handling 12,000,000 from her apple crop this year. That would help some in Benton.

**Banks On Sure Thing Now.**  
"I'll never be without Dr. King's New Life Pills again," writes A. Schinbeck, 647 Elm St., Buffalo, N. Y. "They cured me of chronic constipation when all others failed." Unequalled for Biliousness, Jaundice, Indigestion, Headache, Chills, Malaria and Debility. 25c at all druggists.

In the recent election the amendment limiting the amount of Coos port bonds was defeated by a two to one vote, while the proposition of bonding for \$300,000 for improvements to the harbor was carried by a vote of about five to one. This means that Coos Bay will be rapidly improved.
