coyote or two that is left. Mr. R. J. Fleming (Dusty Fleming), our city representative, will be pleased to call and explain the Pancovest Club suit pressing plan. Over Stafrin's drug stors.

In this picture are four faces. Can you find three of them? Trace out and number 1, 2, 3, and mail to us at your earliest possible moment. It is not necessary to use this sheet of paper. Contest closes March 14, 1911, at 6 p. m. All answers must be received by us or bearing the postmark of that date.

#### Prizes must be called for within 15 Days from Closing of Contest

#### In addition to the above awards

Every prize winner will receive, according to the merit of the solution, a cash value reward for an amount from \$25.00 to \$140.00. These rewards will be accepted at their full face value to apply on the purchase of any one of the new planes that we are introducing to the plane-loving public through this mammoth advertising plan These planes will be placed on sale with a reliable firm of this city at a special introductory price. The above mentioned rewards will be given in denominations as follows: Three at \$140.00, three at \$15.00, three at \$130.00, three at \$125.00, three at \$120.00, three at \$110.00, three at \$100.00, ten at \$75.00, ten at \$50.00, and all correc iolutions will receive a reward for \$25,00.

This contest is being conducted by manufacturers for whom we have a contract for advertising their planes coughout the United States. These manufacturers believe that the best way to introduce and market their is in making special efforts to the people. In order to do this they have inaugurated this great contest, which each contestant has an equal chance to win one of these valuable prizes.

The plano manufacturers and dealers have for many years tried to reduce the selling expense of musical in-struments. The old way of selling planos, pulling door bells, canvassing, paying music teachers commissions etc., have all been eliminated, and it is now a question of the hest advertised plano. The maker's name being amiliar to the plane purchaser, and the purchaser knowing the true value of the plane, makes it possible to sel certain nunmber.

These manufacturers for whom we are conducting this contest want you to know that all answers will be nsidered, first, as to the correct answers; second, as to the neatness of the answer; that only one answer will considered from one family, and that in the event of a tie identical award will be made. We want to espe cially assure you that you should not lose a moment in mailing or bringing your answer to our office. for one of these valueble prizes, which will be given free to successful contestants.

#### Contest Closes March 14, 1911
