MARCH FRUIT INSPECTION

Total of 1430 Acres Examined by Polk County Official.

County Fruit Inspector B. Y. Allen has filed his report for the month of March with the County Court, regarding his work in looking over the orchards for the various diseases that infest fruit trees. During the time covered by the report he visited 83 orchards, commercial and family, and in nearly every one of them he found traces of some form of pest or disease. The total acreage which he inspected amounted to 1430, distributed approximately as follows: Prunes, 559 acres; apples, 341 acres; pears, 38 acres; cherries, 15 acres. This, of course, does not comprise all of the fruit lands in the county, but only those which he has inspected to date.

Mr. Allen says that he found practically all of the orchard owners glad to receive instructions and willing to co-operate in a general effort to eradicate the foes to healthy trees and marketable fruit.

Many Stars in Company.

The best musical comedy cast ever gathered in one company is the one presenting "Madame Sherry," the big hit of the generation. There are no less than seven people in the company, any one of whom might head any organization with credit, and there are many others of equal caliber, though not so well known. The most prominent in the cast are Oscar Figman, Ann Tasker, Mary Quive, Lottie Kendall, Cheridah Simpson, William Cameron, Harry Benham, Harold Rehil, Edward Elkins and others. "Madame Sherry" is just as phenomenal a success on the Coast as it was in New York and Chicago, and it will doubtless meet a hearty reception on its appearance at the Grand Opera House in Salem tomorrow evening.

Trout Season Opened.

The trout fishing season opened Saturday morning, and immediately there began a wild rush to the County Clerk's office to procure angling licenses, in preparation for a fine day's sport on the following Sunday. Every available stream within traveling distance of the city was whipped to a finish, and some fine strings were brought in—but as usual, the finest and most of them got away. From March 30 to April 4, 91 anglers' licenses were issued, making a total of 143 since the first of the year. Eight hunters' and anglers' combination licenses weer issued lately, the total for the year being 33. Hunter's licenses have been taken out by 159 people.

PERSONAL MENTION

Mrs. Julia Connaway, of Portland, is visiting Mrs. Anna Coad.

Norman Ramsey is now an assistant in the Dallas National Bank.

T. J. Cherrington returned yesterday from a business trip to Portland.

Hon. H. V. Gates and son, Oliver, of Hillsboro, were in Dallas on a business visit yesterday.

Mrs. B. Casey and daughter, Helen, returned Tuesday from a visit with relatives in Roseburg.

Mrs. J. Bagley and daughter, Stella, of Airlie, visited at the home of Mr. and Mrs. J. A. McCann yesterday.

Ira Phillips, of Clem, Gilliam County, is in Dallas, visiting at the home of his parents, Mr. and Mrs. T. D. Phillips.

John S. Beall, manager of the Beall & Company implement house of Portland, was a visitor in Dallas, Wednesday. Mr. Beall's firm was the lucky bidder for the contract to supply Polk County with a new rock crusher and road roller.

Mayor F. K. Hubbard was a county seat visitor Wednesday. While here he appeared before the County Court and secured from that body the privilege for his town of laying water mains in the county road at certain points between the city limits and the Teal springs.

Hon. J. S. Cooper, of Independence, was a business visitor in Dallas, Wednesday. Mr. Cooper only recently returned from a several weeks' stay in Los Angeles, where Mrs. Cooper has been receiving treatment for injuries received in an elevator accident in a Portland hotel early last summer. He says Mrs. Cooper is slowly recovering the use of her arms, and that she will probably return home in May or June. Mr. Cooper greatly enjoyed his stay in the land of sunshine and orange groves and thinks Southern California the finest winter resort he has ever visited.

Raises Fine Poultry.

Arthur Moore, of Independence, was a business visitor in Dallas, Wednesday. For many years, Mr. Moore was one of the leading merchants of his home town, but failing health made it necessary for him to take up outdoor pursuits. He is now engaged in poultry breeding on a large scale, and is building up a good business, already being kept busy in filling the orders that are sent to him from all parts of the state. His breeds are R. C. Rhode Island Reds, Anconas, White Plymouth Rocks and White Orpingtons. Probably on breeder in Oregon has better or more expensive stock. He has spared no money in securing the best strains and his breeding pens are so arranged as to absolutely insure against mixture of blood. On the day of his visit to Dallas, he received four birds for which he paid the neat sum of $35. Mr. Mooore invites the poultry breeders of Polk County to visit his plant at any time they are in Independence and feels sure that he has much there that will be of interest to them.

Mrs. Vassall Convalescent.

Encouraging reports continue to come from the bedside of Mrs. Walter Vassall in Portland, although it will probably be necessary for her to remain in the hospital for several weeks. Mr. Vassall has returned to Portland to be with her. Hood Craven will assist in the management of the Dallas City Bank during the cashier's absence.

Rebekahs Elect Delegates.

At the regular meeting of Almira Lodge of Rebekahs, No. 26, of Dallas, Mrs. Minnie Ellis and Miss Sadie Lynn, both past noble grands of the lodge, were elected to attend the state convention of the order, to be held in Portland in May. Mrs. Ora Cosper, state secretary, and Mrs. J. L. Castle, district deputy, will attend as delegates by virtue of their offices.

COMMERCIAL CLUB MEETING

Permanent Organization Effected and Publicity Campaign Commenced.

At the adjourned meeting of the Dallas Commercial Club, held in the court house Wednesday night, permanent organization was effected and gratifying progress was made toward embarking on a practical campaign of boosting for Dallas and Polk County. The attendance was not large, but what was lacking in that respect was made up in interest. The numerous questions that came up received close attention, and practically every member participated in the discussions during the evening.

The report of the committee on constitution and by-laws was accepted, and it was decided to hold the regular meetings of the club on the first and third Wednesdays of each month, with the annual meeting on the first Wednesday of April of each year.

In order to obtain action in regard to the question of sprinkling the streets during the summer, a committee consisting of J. R. Craven, U. S. Loughary and H. G. Campbell was appointed to circulate a petition to be presented to the city council to solicit city aid in the matter.

The need of suitable advertiseing literature was urged, and the board of managers was instructed to take up that matter and arrange for a supply. In order to provide funds necessary in that and other forms of advertising, it was agreed that the best plan would be to ask voluntary monthly contributions from the firms of the city. Doc P. Patterson, E. A. Hamilton and Edwin Jacobson were appointed to interview the business houses on that subject.

The following names have been added to the membership since the previous meeting, making a total of 101:

W. S. Jost,
W. E. Kurtz,
R. L. Chapman,
O. E. Williams.
F. H. Morrison,
S. B. Taylor,
H. A. Woods,
The Reverend Leon L. Myers,
Gus Boman.
