

### DALLAS WOLLOPS TIGERS

DALLAS TEAM WINS OVER WILLAMINA BY 8 TO 5.

Sunday Afternoon Game on Local Ground Enjoyed Despite the Summer Heat.

The faithful few who journeyed out to the ball park in North Dallas Sunday afternoon to see the Dallas Greys meet the Willamina Tigers were certainly given their money's worth, as both teams gave a good exhibition of how the game should be played. Dallas had a much stronger line-up than heretofore, and with Boydston on first, McDonald on second, Cooper as short and "Castro" on third, the Greys had an inside job of it. While sliding hard to home in the fifth, "Castro" had the misfortune to sprain an ankle, and Rice took his place for the remainder of the contest.

It was a case of "too much Barham" for the Tigers. The Dallas pitcher struck out 10 men, and the five hits he got off him were scattered through as many innings. McCammon was the only one that could hit him hard. In the five times he was at bat he got two three-baggers and a single.

Another game is scheduled here for next Sunday, and the management of the club expects to have an attraction to make the fans turn out in force.

The official score kept by R. W. Finseth shows the following:

### Eyes Affected.

C. S. Graves, county assessor, has been compelled to take a temporary rest from the labors of his office on account of an affection of his eyes, which are in such a state that clerical work is out of the question. After a few days' vacation, he expects to be on duty again. Several cases of a similar nature are reported by the physicians.

### Property Improvements.

J. L. Brown, owner of the Dallas Hotel property, has recently had the hotel building repainted, and preparations are now in progress for a concrete sidewalk to be laid along Church street.

Those present were: Mr and Mrs. H. C. Eakin, Mr. and Mrs. Bat Casey, Mr. and Mrs. E. C. Kirkpatrick, Mr. and Mrs. Louis Gerlinger, Jr., Mr. and Mrs. Charles Bennett, Mr. and Mrs. J. C. Uglow, Mr. and Mrs. H. L. Crider, Mr. and Mrs. Edwin Jacobson.

### UNION SELLS PRUNES HIGH

#### Government Pre-Cooling Plant at Salem in Operation July 1.

A visit to the Salem Fruit Union just now is well worth while. S. J. Dennis, the government expert in refrigeration, is busy with a force of men constructing the precooling plant which is to be in operation early in July, or the latter part of this month.

The management is arranging now to ship several mixed cars of loganberries, mammoth blackberries, Bing, Lambert, Royal Anne and Black Republican cherries, and many growers have signified their willingness to contribute fruit to such an enterprise.

Realizing that this section has been particularly fortunate in securing the only plant of this nature in the Northwest, in addition to this, Mr. Dick, the manager, says that the union has signed a contract to ship 100 to 150 cars of fresh prunes at a price never before heard of in this section, and as these will all go through the pre-cooling plant, he is positive that the grower will be greatly benefited by the prices secured; also, the union has consummated a deal with the packers of Maraschino cherries for several cars of Royal Anne to be packed in barrels, which will net the grower 4 1/2 cents per pound.

A new and modern cherry pitter has arrived and is being installed, which in conjunction with the dryer will take care of all the cherries not suitable for shipping, by pitting and drying them. Already many inquiries have been received for dried cherries and the outlook is promising.

The dryer is a new building 35x60 feet and contains four tunnels with a capacity of 600 trays. The heat necessary will be generated by a 50-h. boiler. It is expected that this department will prove profitable, not only for drying cherries, prunes, apples and pears, but particularly for loganberries, the demand for which is very heavy. Only a few years ago it was thought a hard matter to interest anyone in the dried loganberry, but this year the union has already received offers of 25 cents per pound for several carloads, and it is hoped that they will be able to realize even a better price as the season advances.

The Salem Fruit Union is certainly doing a good work in the community and they are to be congratulated upon their efforts. The institution is owned solely by fruit growers and those who are not familiar with its plant will do well to pay it a visit during the fruit season.—Salem Statesman.
