

HANDSOME TROPHY SHOWN

Valuable Silver Cup Won By Company H Rifle Team.

What is perhaps the handsomest trophy ever brought back to Dallas is an exhibition in the window of A. H. Harris' jewelry store on Court H. Harris' rifle team. It is a valuable silver cup, 10 inches in diameter, and was won by the rifle team of Company H as the first prize in the recent competitive Class B. at the Oregon National Guard meet in Clackamas. The individual medals won by the members of the team are also displayed there. The boys are receiving many congratulations on their fine marksmanship, and the showing they made is highly remarkable, when it is considered that they had practiced but very little. They had never been drilled in a serious shooting, and it is thought that they had been trained in the first place. As it was, they fell only 15 points below the winners. As a result of their scores, the local team ranked from fifth place in Class B to seventh place in Class A, going over the heads of 10 other companies in doing so. The boys were also in the 24 best shots of the honor roll who competed for the honor of representing the state militia at the national shoot to be held at Camp Perry, Ohio, during the latter part of August. The relative standing in that contest has not been announced. The total scores of the Dallas team were as follows: H. G. Stingley, 228; A. H. Harris, 215; A. W. Bennett, 211; Lanza M. Dennis, 208.

RESOURCES TO BE EXHIBITED

Boys and Girls of Polk County Will Assist in Collecting.

Although it is late in the season, Polk County will undertake to make a creditable exhibit in conjunction with her five sister counties of Yamhill, Marion, Lane, Linn and Benton, at the state fair this fall, and later at the display will be taken by the railroad to various points in the East for the edification of those who have a desire to seek their fortune in the West. The matter was thrashed out at considerable length at the regular meeting of the Commercial Club in the court house last Wednesday night. County Judge Ed. F. Coad and Commissioners Riddell and Petre were present and pledged the financial support of the county court in collecting and preparing the exhibit. In response to invitations sent out, W. F. Nichols, representing the Falls City Commercial Club, and Conrad Krebs, Moss Walker, J. S. Cooper, and W. W. Percival, on behalf of the Independence Commercial Club, were present and made speeches in favor of the project to let the state roads be visited and Easterners know what is raised here.

At the suggestion of H. G. Campbell, made yesterday morning, the operation of every live boy and girl in the county in collecting the material needed, as it is the opinion that a more exhaustive search can be made in that way at but slight expense, and within a shorter time than could otherwise be done. Accordingly, the court has offered a cash prize of \$2.50 and \$1.50 respectively as first and second prizes to any child in the county for the best sample of each variety of tame grass, grain, clover or alfalfa raised in this county, all samples to be six inches in thickness and securely tied and labeled with name of collector and variety. The samples are to be left at any real estate office in Dallas, Independence, Monmouth or Falls City. Cash prizes will be offered on fruits, etc., later on.

Success With Alfalfa.

The adaptability of the soil about Dallas to the production of alfalfa is becoming more apparent as experiments in progress are proving. The latest example of what can be done in raising this highly profitable forage crop is reported by C. Winter, who lives on the Veale place, on the northern edge of town. He has had five acres planted there, and the first cut yielded him 16 tons of hay, and the second crop is now eight inches high and growing rapidly. He is a firm believer in alfalfa culture for this locality, and believes that there will be no difficulty in establishing it if ordinary care is used.

DENTIST FREED BY COURT

Dr. E. M. North Considered Guiltless of Crime of Murder.

CORVALLIS, July 19—Against the protest of an official, Justice of the Peace Lane tonight freed Dr. E. M. North, held on the charge of killing Mrs. Eliza N. Griffith, after the preliminary examination. The prosecuting attorney's office did not uphold this action.
The testimony of Rev. C. H. Rose was a disappointment to one of the detectives. His statement that one night a dentist tossed in his bed and talked in his sleep, saying: "Am I guilty or not guilty? I will go to Portland, where they won't find me," was the strongest evidence introduced.
North had gone to bed at 6 o'clock that evening, not feeling well. The defense introduced no testimony, and no material evidence connecting him with the crime was introduced.
The defendant, freshly shaven and groomed, appeared self-possessed and confident during the hearing. Mrs. Mand Ellsworth, a Philomath hotel-keeper, was the first witness for the state, and testified that North stayed at her hotel from May 29 to June 7 this year. He took his meals on June 2, and she noticed no difference in his appearance or actions after the murder of Mrs. Griffith.
