Farm and Garden

GOOD LAWN BEAUTIFIER.

Its Foundation is Only an Old Umbrella Frame, but it's Most Artistic.
One does not need the services of an expensive landscape gardener to make one's lawn a thing of beauty. Of course, thick, well rolled and well cropped turf is the prime necessity, but there is always needed some bit of color to accentuate the eye resting beauty of the long sweep of green.
Here is the way one ingenious woman secured a centerpiece for her sward, according to Popular Mechanics:
She dug up an old umbrella from the attic, cut away the faded silk cover-

SIMPLE ORNAMENT FOR LAWN.

ing, ran a piece of thin wire through the top of each rib, taking a turn around each eye, so as to keep the ribs apart at regular intervals, and then sunk the handle deep into the ground in a small circle cut out of the sod in the middle of the lawn.

Then she planted some sweet peas in a variety of colors, and now she has a Joseph's coat mound of color that is an absolute delight. And, obeying the old adage, "the more sweet peas you pick the more you'll have," she has her vases all through the house filled all the time.

THE VALUABLE TURNIP.

Worth Growing if Only For Its Effect on Dairy Cows.

While the real food value of turnips is considered somewhat low, they are wonderful appetizers, especially for dairy cows, not only toning up their systems, but increasing the flow of milk.

Then there are several tempting dishes for the table that can be formed from turnips, and by storing a goodly supply of them for winter their use will save considerable of the higher priced products, both around the feed stalls and table.

Turnips for winter storage should not be sown till in July, from the 10th to the 20th, or even a few days later will not be too late. Where they are sown earlier than this the hot weather causes them to become strong and pithy, but if sown as above stated they mature when the weather is cooler, which greatly enhances their flavor, gives them a firm, solid flesh and adds to their keeping qualities.

A rich, sandy loam or fresh sod soil is best adapted to turnip raising and they may be sown either broadcast or drilled. If sown broadcast it may be done just before a shower, and there will then be no necessity for covering the seed, as the raindrops will do the work better, a light covering being all that is required. If the seeds are drilled one can arrange so the plants may be cultivated by hand, the rows being placed about eighteen inches apart. Put in plenty of seed at the time of drilling and thin out the plants when they come up till they are from three to four inches apart, thus giving them ample room to grow.—Homestead.

Rape Seed For Hogs.
If a little rape seed is sprinkled in with the rye a variety of feed will be provided and the hogs will do even better than upon rye alone.

Brief Suggestions.

Go over the orchard and see that all the wounds are well painted.

The golden wax bean is a favorite with many garden makers. It is tender, of good quality and stringless. If a small pig is chilled it can be revived by dipping it in water as hot as you can bear your hand in, then wrapping it in warm flannel.

Don't keep your horse in an overheated stable and then stand him for hours in a freezing atmosphere and wonder how he became paralyzed.

The durability of the mule is a strong point in his favor. He lives and works to a good old age. His "sense" of self protection is strong, and he avoids many injuries.

Never get the idea in your head that drugs and health are inseparable, for in most cases it will be found that what we keep out of the pig's stomach has more to do with its health than what we put in.

Blackberries are very prolific and ripen at the time they can be economically gathered and marketed. They are seldom injured by late frosts and for this reason are surer than some other berries that ripen earlier.

The wheel hoes are great labor savers. A plow attachment is very convenient for opening furrows and to cover the larger seeds, as peas, beans and sweet corn. Some of the combination wheel tools with drills, cultivating teeth, plows and rakes are very satisfactory.

LIQUOR LICENSES TO BE INCREASED BY COUNCIL

PRESENT ORDINANCE AMENDED IN RELATION TO PERSONS WHO ARE ON "BLACKLIST."

MAY BE \$1200 PER ANNUM

Names of Inebriates to Be Posted in All Places For Sale of Intoxicants, and Proprietors Put Under Additional Penalties For Violation of Various Provisions.

At the recent meeting of the city council an ordinance was introduced for the purpose of amending the present city regulations governing the sale and use of intoxicating liquors. A higher license fee and more restriction of interdicted or "black-listed" persons form the principal changes embodied. The essential points of the new ordinance are as follows:

The license fee has been raised from \$800 to \$1200 per annum, and no license is to be issued for a less period than one year.

Manner of "Blacklisting."

Upon the written request of any near relative or guardian of any person who is an habitual drunkard, or in the habit of becoming intoxicated, or who is in the habit of drinking intoxicating liquors to excess, or upon the written request of the county judge of Polk county, or any sheriff, deputy sheriff or constable of said county, or upon the written request of any marshal or police officer, or of the city attorney of Dallas, it shall be the duty of the auditor and police judge of the city to issue notices, signed by him under the seal of the city, directed to whom it may concern, warning them against selling, bartering, giving away, treating, or in any manner disposing of any intoxicating, spirituous, malt or vinous liquors or any hard cider to such persons as may be named in the request above mentioned, and a copy shall immediately be served by the marshal upon the proprietor of any place selling such liquors. All such requests are to be placed on file in the office of the police judge and shall be kept thereafter as public records of the city.

Posting Names.

Upon receipt of such notice the proprietors of the places under regulation are required to post the name of the person barred. Failure to post the names as received is to be punished by a fine of not less than \$25 nor more than \$100, or by imprisonment in the city jail not to exceed 40 days. In the absence of the proprietor, employees will be held responsible.

If any proprietor or employee of a saloon, etc., shall sell, give away or otherwise dispose of such prohibited liquors to any person on the blacklist, they shall upon conviction, be punished by a fine of not less than \$50 nor more than \$100, or by imprisonment in the city jail not to exceed 40 days; and in addition they shall also forfeit their city license, and the bond given to obtain such license, regardless of whether or not it is the first or second offense; "and it shall not be a defense in a prosecution under the provisions of this section of this ordinance that the person to whom such liquor shall be sold or disposed of is not an habitual drunkard or in the habit of becoming intoxicated," provided he shall have been regularly black-listed.

Individuals Penalized.

It shall be unlawful for any person who has been blacklisted to go into or loiter about any saloon or similar place, or ask for any intoxicating liquor. Violation of this provision shall be punishable by a fine of not less than \$20 nor more than \$50, or by imprisonment in the city jail not to exceed 20 days, or by both such fine and imprisonment.

The posting of the notices shall be deemed sufficient warning to the public at large, and any person who provides liquor to a blacklisted person is punishable by a fine of not less than \$25 nor more than \$100, or by imprisonment not to exceed 40 days.

ROBBINS PROPERTY IS SOLD

Bought by W. A. Ayres at Referee's Sale.

For the sum of \$590, W. A. Ayres bid in the Robbins property at public auction held at the court house last Wednesday at 1 o'clock by Eugene Hayter, referee by appointment of the court. The house and lot concerned are located on Jefferson street, near the corner of Clay, and the sale was the result of a suit of John R. Robbins et al. versus Carrie E. Skipton, et al., and was part of the old Linza Robbins estate. The bids were opened at \$500 and there were but three bidders.

What to Do in Case of Accident
If skin is broken apply Dr. Bell's Anti-Pain at once and the wound will heal quickly and never get sore. Used internally and externally.

Couquille Herald: Deer are damaging young orchards about Myrtle Point. The deer enter the orchards at night. Their work resembles that of goats, the young trees being stripped of both foliage and bark.

Merchants Praise
Dr. Bell's Pine-Tar-Honey. J. W. McDaniel, Etherton, Ill., says: There is no medicine which equals it for coughs, colds, Grippe, asthma and Bronchitis. Look for the Bell on the Bottle.

Tobacco of excellent quality has been raised by Charles Larkin in Goose Lake Valley, Lake county. The Elks of Eugene are about to organize a band. There are 10 first-class musicians within the membership.
