CURRY COUNTY FORESTS FURNISH UNIQUE SPORT

Season for Wild Hog Hunting Just Now Beginning—Animals Are Fierce and Gamey.

Southern Oregon's coast country has a unique sport found nowhere else in the state. This is hunting wild hogs, the season for which is now beginning. Curry County people go back into the hills some distance from the coast and shoot enough hogs to furnish a season's supply of bacon and hams. The hogs get fat in the fall of the year on acorns from oak trees in the Curry County forests. They run wild and are common property. The animals are fierce enough to furnish real sport for hunters.

TO INCLUDE LAKE IN PARK

Plan to Form National Reserve in Cascades.

Crater Lake may be included in a big national park, similar to the Yellowstone or Mount Rainier parks. A movement has been started to set aside the lands surrounding the lake in a national reserve and Secretary Fisher, of the Interior Department, is said to be favorable to the proposal and will incorporate it in his recommendations to the next session of congress.

DALLAS VARIETY STORE TO HAVE NEW LOCATION

Mrs. Charles Gregory Will Move In to Remodeled Place on Main Street Shortly.

The store room on Main Street which until lately has been occupied by Black's grocery is to be remodeled as soon as workmen can accomplish it, and the place will be occupied by the Dallas Variety Store, of which Mrs. Charles Gregory is the proprietor. It is expected that the change will be made about the first of December.

Carl Gerfinger, master mechanic of the Salem, Falls City & Western Railway, was in Portland last week on business connected with the road.
