LITTLE DOG TAKES WRONG TRAIN AT DEPOT

SHERIFF GRANT WINS CONFIDENCE OF ANIMAL AND IT TRIES TO FOLLOW HIM OUT OF TOWN.

Persists in Making Journey in Spite of Efforts to Keep it in Dallas—Strange Influence Over Members of Canine Species Quickly Brings Forth Howls.

Everybody who knows Sheriff J. M. Grant is well aware of the marvelous control he exercises over the members of the dog family, who recognize in him a friend and sympathizer and exert themselves to show their affection and confidence in him. By merely talking to a dog in a tone of condolence, he has been known on several occasions to set the animal to howling in the most energetic and pathetic manner over its assumed share of this world's troubles. In many other ways, with no apparent effort, the Polk county peace officer has excited comment over his unusual influence of the canine species.

Mistook Train.

Another example of the Sheriff's hypnotic spell was shown in an amusing manner last week, when he appeared at the union station to take the Independence & Monmouth train. When he went aboard the train he discovered that he had been followed by P. H. Finseth's little dog which had taken a fancy to him and decided to make the journey too. The Sheriff put the dog off the train and sat down. Just as the train was starting, Mr. Grant found the dog again aboard and ready to make the trip. As the conductor gave the "out-of-town high ball", the sheriff swung the animal off onto a truck standing alongside the track, where

he was compelled to look with mournful eyes at the receding car bearing the officer of the law away.

For some days thereafter, Mr. Finseth missed the dog and was somewhat astonished later to receive word that it was at Perrydale, presumably awaiting the sheriff. Investigation showed that the dog, on the departure of the Independence & Monmouth train, had taken passage on the Portland train evidently in the hope of overtaking Mr. Grant.

PROMOTE FIRE PROTECTION

Western Forestry Congress to Discuss Ways and Means.

Portland, Nov. 28.—The semi-annual meeting of the Western Forestry and Conservation congress, which is scheduled for Portland, December 4 and 5, will be a forest fire conference and government and state officials, as well as private holders of timber, will be represented. Delegates will attend from throughout the West, from Montana to California. Ways and means to check the annual loss to the forests through destructive fires will be the chief topics presented.

BIG PRIZES FOR POULTRY

Attractive Premiums Offered For Portland Event.

Portland, Nov. 28.—Attractive prizes are offered for poultry exhibited at the annual show of the Oregon Poultry and Pet Stock association, which will be held in Portland, December 4 to 9. Premiums will be given to children who have taken up poultry raising, as well as to fanciers generally. Multnomah county has voted a special prize of \$50 to go to juvenile poultry raisers.

The Burns Times-Herald has entered its twenty-fifth year and its manager, Julian Byrd, proudly announces that it can show a complete file, without a single issue missed.

"There could be no better medicine than Chamberlain's Cough Remedy. My children were all sick with whooping cough. One of them was in bed, had a high fever and was coughing up blood. Our doctor gave them Chamberlain's Cough Remedy and the first dose eased them, and three bottles cured them," says Mrs. R. A. Donaldson, of Lexington, Miss. For sale by all dealers.

CAN'T STOP GROWTH OF POLK COUNTY VEGETABLES

Soil and Climate Foster Development of Marvelous Products of Farm and Garden.

In calling attention to the remarkable prolificacy of Polk county soil, the Independence Enterprise mentions the following examples in illustration.

William Percival showed a cabbage, grown by himself, that tipped the scales at 25 pounds. The cabbage was firm and showed no signs of bursting or going to seed.

Charles Bascue, who raises garden on a small piece of land in Independence, was the grower of a head of cauliflower that was over forty inches in circumference. The specimen was as white as snow and showed no indication of being brown or tough as cauliflower often is.

You can't keep the stuff from growing. In the sun and rains of the Willamette Valley, it just has to grow. William Burnett bears evidence to that fact. He raised a cucumber that was sixteen inches long, eleven inches in diameter and weighed three pounds and eight ounces. The cucumber was raised without any special attention and showed no sign of turning yellow. It was as solid as it was when but half grown.

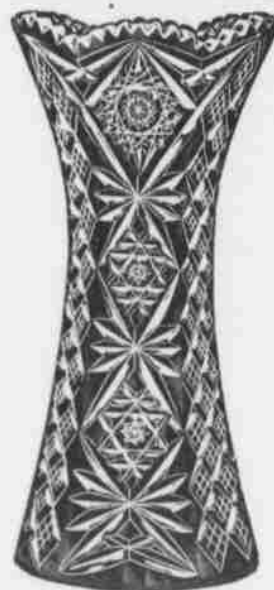

In the department of tubers, Sloper & Patton take all the prizes. They exhibited a dozen potatoes the average weight of which was three pounds. One potato alone weighed four pounds.

"It is a pleasure to tell you that Chamberlain's Cough Remedy is the best cough medicine I have ever used," writes Mrs. Hugh Campbell, of Lahoma, Ga. "I have used it with all my children and the results have been highly satisfactory." For sale by all dealers.

Lakeview is realizing the need of an improved city lighting service.

Is your husband cross? An irritable, fault finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently cured of stomach trouble by taking Chamberlain's Tablets. For sale by all dealers.

No piece without this Trade Mark on it is genuine.

One Piece is Richness!

HAWKES CUT GLASS quite spoils a woman for other glass. Once under the Hawkes charm she will admit that she would rather own one piece of Hawkes than a groaning sideboard of not Hawkes.

Hawkes Cut Glass

is the pure, limpid "white" glass-judges talk about. The cutting is done with wonderful boldness and skill. The designs are artistic to the last line.

We have some beautiful Hawkes creations—some very simple indeed, others of exquisite richness—all practical and irresistibly interesting.
