How a Studebaker Saves You Money

THE way to figure the cost to you of a wagon, a carriage, a buggy or a set of harness— is to figure the cost per year as long as you use it.

If a farm wagon, for example, that costs you \$60 lasts 20 years and requires only \$4 repairs, the cost to you of that wagon is \$3.10 a year.

If another wagon costs only \$50, and lasts 10 years, and requires \$10 worth of repairs, the cost to you is \$6 a year, at least.

Which is the cheaper?

There is no doubt about the lasting qualities of Studebaker wagons, carriages and harness.

It's the material that goes into them— plus the way they are made.

Studebaker farm wagons have axles 5/8 inch deeper than others, made from selected butt-cut Black Hickory—dried from 3 to 5 years.

The axles are also re-inforced with a special bar of steel running from the heel of one skein to the other.

The Studebaker Patent Truss Skeys are made from cast iron having a transverse strength of over 3,000 pounds to the square inch—25% greater than the requirements of the United States Government—and probably 50% greater than the ordinary wagon.

The Studebaker hubs are large in diameter— furnishing a proper foundation for the spokes. They are treated with a secret solution which greatly adds to their weather-resisting qualities.

The Studebaker scope-shoulder spokes—one of the greatest improvements ever made in wagon building— carry the largest amount of wood into the hub. They are strongest where other spokes are weakest.

The Studebaker patented round-edge tires are oil-soaked and cold-set. That's why they never loosen.

And so on—point by point—feature by feature—nothing that will add to the durability and long life of the Studebaker is overlooked.

Do you wonder that it lasts? Do you wonder that it is the wagon with a reputation behind it? You cannot afford to buy a "cheap" wagon, when you can get the best for so little.

It is poor economy to be constantly paying out money for repair bills.

Get a Studebaker and save money. Come in and let's talk it over.

ENDORSED AT HOME.

Such Proof as This Should Convince Any Dallas Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Dallas adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it:

Mrs. E. C. Hatton, Clay and Lisle Sts., Dallas, Ore., says: "In 1907 I publicly endorsed Doan's Kidney Pills and I now confirm that statement. This remedy was used in my family and it brought relief from backache and other symptoms of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
