NEW LOGGING MAY PASS UP POLK COUNTY TOWN

Report That Newberg Will be Terminus of Line From Siletz Basin When Finished.

Falls City, Or., Jan. 5.—Authentic reports have been received in this city which indicate that the logging railroad, which the Falls City Lumber company is building into the Siletz Basin, will not strike Falls City, but will have Newberg as its actual terminus, although the logging road proper will terminate near Airle. The road will be 24 miles in length and construction will begin as soon as the definite surveys are made and accepted. The average grade is 2 per cent.

The survey which was made about four months ago by A. L. Porter into the Siletz Basin, having Falls City as the objective point, was satisfactory in every respect except that the grades were excessive. The lumber company has vast holdings near this city and much capital has been invested.
