OLIVER

HERE is the biggest plow sensation in forty years.

The Olivers have made a Full Chilled Base for their famous center hitch, high lift No. 1 Gang Plow, called the No. 222. It is the first time that a base in the scouring shape has been made of this famous metal.

This metal is harder than steel and takes a higher polish. Grit won't cut it, and it does not corrode. No more wearing holes through your mouldboards as you do now when using steel. It lasts three times as long as steel—a wonderful economy. The long shapely mouldboard turns the soil perfectly—any soil—hard ground or soft, and always with the very least friction and consequent lighter draft.

The center draft insures absolute freedom from side draft. The two and a half inch adjustment in the caster and furrow wheel axles provides for keeping the plow bolted up close and firm at all times—no rattling loose and getting shaky. Just the plow for very difficult, hard ground plowing.

There are lots of other good features, too, that we can't tell you about here—but come into our store and let us tell you about them. We are ready when you are.

ENDORSED AT HOME.

Such Proof as This Should Convince Any Dallas Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Dallas adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it:

Mrs. E. C. Hatton, Clay and Lisle Sts., Dallas, Ore., says: "In 1907 I publicly endorsed Doan's Kidney Pills and I now confirm that statement. This remedy was used in my family and it brought relief from backache and other symptoms of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
