Mrs. William Nelson, of McMinnville, has lately been the guest of her sister, Mrs. Ella J. Metzger.

Ladies' and gentlemen's suits cleaned, pressed, called for and delivered. McKnight, 514 Mill street.

C. L. Crider went to Portland Wednesday to attend the meeting of the State Hardware association.

Fresh cut carnations, callas, violets, narcissi, paper white hyacinths at Thomas' Greenhouse. Prompt delivery.

H. A. Hinshaw, assistant general manager of the Salem, Falls City & Astoria railway, was in Salem on business Wednesday.

F. D. Thielson, one of the proprietors of the Rickreall Milling company, of Rickreall, was in the city on business yesterday.

Dan Collins, a member of the editorial staff of the Portland Oregonian, came up yesterday forenoon for a short visit with his parents, Judge and Mrs. J. L. Collins.

By a misstep in the dark a few nights ago, J. G. VanOrsdel fell down flight of stairs from the second story of his home on the corner of Jefferson and Mill streets and was seriously injured about the head and shoulders. For a time he was unconscious, but he quickly responded to medical treatment and is now improving at a satisfactory rate. He is not yet able to receive visitors and will be sometime before he is able to be up.

Home Baking.
The ladies of the Methodist church will sell home baking at Butler's drug on Main street, tomorrow, Saturday, January 27. Come and see our window display.

Election Laws Free.
Secretary of State Ben W. Olcott, has prepared a handy memorandum on the Oregon election laws for free distribution. Every prospective candidate and all others who are interested in the coming elections should apply to him for a copy.

Baby's Picture Free.
To demonstrate my new artificial light machine, during January and February, I will make free of charge pictures of any baby brought to my studio. Pictures made at night in your home by appointment. C. B. Stone, Photographer. Phone 524.

Nominating petition blanks must be ordered soon. For sale at The Observer office.

Kill ground squirrels now with "S. & H." squirrel poison, for sale at Fuller Pharmacy.

Candidates for nomination at primaries in April should order petition blanks of The Observer office at once.

Miss Freda Launer has resumed her duties in Sibley & Eakin's abstract office after several days' absence on account of an attack of grip.

Are you one of them???? Many people abuse their eyes through overwork when they should be wearing a pair of our "Rest Glasses." Do not delay but call at Stalfin's, Friday, February 2, and have them carefully examined. Drs. Freeze & Rice.

Beginning next Monday night, Marmon lodge Knights of Pythias will meet in Woodman hall. At the next meeting there will be work in the Page and Esquire ranks. Arrangements for the visit of the Falls City brethren are under way but the date has not yet been agreed upon.

Uses New Invention.
C. B. Stone, the photographer, has just added to the equipment of his studio the latest invention in the photographic world, known as an artificial lighting apparatus, whereby he is enabled to take the finest of pictures at any time of day or night in almost any place. It has all the advantages of the flash light without its disadvantages. It is especially adapted to taking babies' pictures, as it is but the work of an instant, be the day cloudy or the night dark. It is portable, and Mr. Stone can now take the best pictures of family reunions, banquets, theatrical performances, etc., in any part of the city. There is no smoke, no odor, no muss. Telephone your orders to Mr. Stone.

MILITIA EXPERTS EXPECT TO WIN FAST GAME
(Continued from Page One)

The game was played under the intercollegiate rules, thereby placing the Portlanders at a great disadvantage, as they in common with Dallas, use the Amateur Athletic rules.

MANY SCHOOLS ARE NOW ON ROLL OF HONOR
(Continued from Page One)

Pioneer, Oakhurst, Rock Creek, Mistletoe (100), Mountain View, Valley Junction.

The following schools have been placed on the roll of honor for the county for not having had any tardies during the month: Smithfield, Ward, Oak Point, Elkins, Spring Valley, Lincoln, Crowley, Powells Camp, Liberty, Hopville, Mistletoe.

Send a Commercial club booklet East and help along in the development of Polk county.

DEBATERS ARE CHOSEN

Try-Out at High School Determines Members of Debating Teams For County League.

At the try-out held in the auditorium of the High school last Friday afternoon, the members for the two debating teams who are to represent Dallas in the county debating league contests were selected. The question for debate was "Resolved, that the system of direct legislation should be more generally adopted." For the affirmative team, Miss Roberta Ballard and Miss Pearl Phillips were chosen, while Miss Lillian Fellows and Miss Ruth Campbell are to form the negative team.

The first debate of the year will be held Friday evening, February 9. The Falls City High school negative team will meet the local affirmative here, and the Dallas negative will debate the Monmouth team at Monmouth on that date.

PLANS NOW UNDER WAY FOR BOOSTER MEETING

Two Portland Speakers and Three From Salem to Attend "Made-in-Oregon" Session.

Arrangements for the "Made-in-Oregon" meeting which will be held in Dallas on the night of Wednesday, February 7, under the auspices of the Commercial club are now under way and every indication points to a profitable session. Col. E. Hofer, of Salem, writes that he and two others will be here from Salem and that the Manufacturers' association, of Portland, will send two representatives.

Full particulars and program will be announced later.

Born.

Born, Monday, January 22, to Mr. and Mrs. C. A. Bruce, of Oakdale, a son.

Will Move to Portland.

Arthur Starr expects to move to Portland with his family about the middle of February, where they will permanently reside. Mr. Starr has recently purchased an interest in the Consolidated Auto Truck Transfer company on the East Side.

COUNTY W. C. T. U. HOLDS PROFITABLE MEETING HERE

State Lecturer, Mrs. Silbaugh, Attends Session; Delivers Temperance Lecture at Night.

With Mrs. Silbaugh, state lecturer present, the Polk County W. C. T. U. institute was held in the Presbyterian church in this city on Tuesday.

ARTISTIC PICTURE FRAMING

When we opened our store two months ago, we bought only enough moulding to frame our own pictures. The recent demand for these beautiful and modern styles has become so pressing, however, that we have been obliged to increase our stock to accommodate customers who have pictures of their own which they desire to have framed.

A shipment of moulding received last Thursday includes practically all of the really new styles and designs. This is all strictly new moulding, having been placed on the market since the holidays. Nothing like it has ever been shown in Dallas before.

It is certain that you have some treasured picture that you would like to have framed in a more attractive moulding. If you will bring this picture to our store, we will be glad to show you what we can do to increase its beauty and value by placing it in one of our new and artistic frames.

NEW CARBON PRINTS

We have just replenished our picture stock, (so nearly sold out during the holidays,) with a choice selection of the famous Carbon Prints in green, black and sepia. These rare prints include reproductions of some of the world's greatest masterpieces, such as

Mona Lisa—Da Vinci,
The Gleaners—Millet,
End of Day—Adan,
The Wave—Magnussen,
Equestrian—Velasquez,
Song of the Lark—Bretton,
Age of Innocence—Reynolds,
and hundreds of others. Also, a discriminating selection of Romney pastels and color prints.

Come in and see the new pictures. You are always welcome.

How a Studebaker Saves You Money

THE way to figure the cost to you of a wagon, a carriage, a buggy or a set of harness—
Is to figure the cost per year as long as you use it.

If a farm wagon, for example, that costs you \$60 lasts 20 years and requires only \$3 repairs, the cost to you of that wagon is \$3.10 a year.

If another wagon costs only \$50, and lasts 10 years, and requires \$10 worth of repairs, the cost to you is \$6 a year, at least.

Which is the cheaper?

There is no doubt about the lasting qualities of Studebaker wagons, carriages and harness.

It's the material that goes into them—plus the way they are made.

Studebaker farm wagons have axle, 3/4 inch deeper than others, made from selected butt-cut Black Hickory—air-dried from 3 to 5 years.

The axles are also reinforced with a special bar of steel running from the heel of one skein to the other.

The Studebaker Patent Truss Spleins are made from cast iron having a transverse strength of over 3,000 pounds to the square inch—25% greater than the requirements of the

United States Government—and probably 50% greater than the ordinary wagon.

The Studebaker hubs are large in diameter—furnishing a proper foundation for the spokes.

They are treated with a secret solution which greatly adds to their weather resisting qualities.

The Studebaker scope-shoulder spokes—one of the greatest improvements ever made in wagon building—carry the largest amount of wood into the hub. They are strongest where other spokes are weakest.

The Studebaker patented round-edge tires are old-fashioned and well-set. That's why they never loosen.

And so on—point by point—feature by feature—nothing that will add to the durability and long life of the Studebaker is overlooked.

Do you wonder that it lasts?

Do you wonder that it is the wagon with a reputation behind it?

You cannot afford to buy a "cheap" wagon, when you can get the best for so little.

It is poor economy to be constantly paying out money for repair bills.

Get a Studebaker and save money.

Come in and let's talk it over.

We Are the Studebaker Agents

CRIDER'S GENERAL STORE
DALLAS, OREGON.

W. E. COMAN, Genl. Freight and Pass. Agt., Portland, Oregon.

An Investment With All The Desirable Features

If you are loaning money on mortgages at 6 per cent, and paying taxes on these mortgages of 2 per cent, an investment of \$500 will pay you but \$20.00 per year. It should be paying you \$50.00 per year.

Maybe you are one of the \$81,863 conservative men and women of the United States. If so you have a savings deposit earning you about 3 1/2 per cent. It should be earning you 10 per cent per year.

But, if you are a typical conservative, you will say that no investment can earn eight or nine, or ten per cent a year and be safe. Let us see if this is so.

The most conservative business in the world is banking—the safest forms of banking are our National banks.

The report of the Comptroller of the Currency for 1909 shows that the net earnings of the national banks of the United States for that year were \$131,185,759. This is over fourteen per cent on their total capitalization. These banks paid out in actual cash dividends to their stockholders over ten per cent.

If the banking business can make a safe, conservative profit of over fourteen (14) per cent, is it not reasonable to suppose that other industries in which the margin of profit is larger, can safely earn and pay an equally high per cent?

Do not mistake the object of this statement. It is wise for every man or woman to have a reserve fund, but it is unwise for that reserve fund to include a surplus. Our millions of people would be better off if they had an average of \$100 each on hand, while they had \$500 hard at work in some profitable growing industry earning dividends of eight, nine or ten per cent, or more.

The Portland Cement Company is a profitable kind of business, conducted by men of ability and standing, who have been successful in other cement plants. It has its raw materials paid for for all time to come. Their value is incalculable, and cannot be destroyed by fire. Demand for the product is many times greater than the output of the plant. Competition cannot meet the price at which this company's product can be sold. Its profits are certain and large, you are seldom or ever offered an opportunity to become the part owner in such a business.

The Portland Cement Company is a close corporation, which will be conducted on straight forward, mutually profitable lines. It has given you, the private investor, more complete information about this industry than you would be able to secure about any of the stocks that are traded in by the professional broker. From what Bank or Company for instance,

could you secure as complete and detailed information, as it will give you about it's property?

When you invest in the Portland Cement Company, you do so after having made a careful examination into the resources and possible profits of the company as shown by the statement of acknowledged authorities and experts. (These can be had on request.) You are no doubt familiar with the physical characteristics of the properties, the extent and value of each one of the deposits. You know just what steps have been taken to refuse the raw material. You can if you desire, visit the properties and inspect the plant in person, for it is conveniently located. In short, from the beginning, you have the same complete information and data as the directors, and as new developments take place, this information will be supplemented by additional reports to investors.

Cement manufacturing is the right sort of business in which to make large profits. The Portland Cement Company is the right sort of company. An investment opportunity like the present does not often arise. Immediate subscriptions for the First Mortgage 6 per cent Gold Bonds, in denominations of \$500 each receive a bonus of \$300 common stock.

The desirable features of this \$500 Bond is the fact that it pays 6 per cent. Interest payable on April 1 and on Oct. 1. It carries with it a bonus of \$300 of common stock that is conservatively estimated to pay 10 per cent. This stock, on a 6 per cent basis, will be worth \$500. Each year \$55,000 of these bonds are redeemed, so one may cash his bond by putting it into the sinking fund as provided by the mortgage.

The average loan to the Company will be about five years. On this basis, a \$500 investment would bring \$150 in interest on Bond, \$150 dividends on stock, increase value of stock, on account of large dividends \$500; the total gain in 5 years then, would be \$800, and you get your \$500 back.

\$700,000 of the total Bond issue is already taken and any day may see the Bonds over-subscribed

Reserve yours today—next week may be too late—Act now

State how many bonds you want, and the bank you want delivery made to, and when you want to pay. Address all communications direct to
