OREGON MAN LIKES TAFT

Bill Hanley Tells of Dinner With The President.
Bill Hanley, who everybody in Oregon knows, either personally or by reputation, is a big man, but he believes he met a bigger one on his recent trip through the east, on board the Governor's special train.
Like all good citizens who go to Washington, he visited the White House, and sat down to dine with President Taft. Press dispatches say that Mr. Hanley's quaint philosophy, so generally enjoyed here in Oregon, delighted the president, and the two Bills had a very pleasant visit.
"President Taft is a mighty fine fellow," said Mr. Hanley afterward. "He was especially good at making the boys feel at home that evening when he entertained our party at the White House. Both he and Mrs. Taft

BILL HANLEY

were there to shake hands with us when we arrived. We went in and sat around and talked for awhile before dinner, and after dinner we just made ourselves at home and smoked. The president visited with everybody. He surely is a great mixer and it was not long before all of us were feeling just as comfortable as if we were sitting around our own fireside. President Taft is a delightfully pleasant natured, high class gentleman. People of the country can hardly realize what a great, good character at heart President Taft really is."

Nation Owes Debt of Gratitude.
Money indebtedness is not the only obligation we incurred and assumed in the great Civil War. There was a still greater debt, an everlasting obligation that could never be paid in full. But in years that have followed, the Republican party has inaugurated and developed pension laws under which over three and a half billion dollars have been paid to disabled veterans, or to the survivors of those who gave their lives for their country and their flag. This pension system, a product of the policy of the Republican party, has no precedent in history and no equal in justice and generosity among the nations of the earth.—Hon. James S. Sherman.

ECONOMY IS WATCHWORD

President Taft Has Cut Expenses During His Term.
President Taft believes that the business of the American people, which is the United States government, can be run more economically. He expects an economy commission will point out ways to effect a considerable saving in many of the departments.

The three years of President Taft's administration has proved that economy is quite possible and the president has practised the new policy successfully. Upon taking office, President Taft warned every cabinet member, as well as the heads of bureaus, that they would be held individually responsible for cutting the expenditures under their control.
On July 1st, 1909, the Taft administration faced a deficit of \$56,000,000. One year later, this deficit had been changed into a surplus of \$14,000,000 and by July 1st, 1911, the surplus had risen to \$47,000,000. The normal increase of Federal expenditures is about 4 per cent. each year. Yet the expenditures, which were \$662,000,000 during the fiscal year ending June 30, 1909, shrank within the following year to \$654,000,000, an actual decrease instead of the normal increase.

Perhaps the best known economy effected was the wiping out of the annual deficit in the Postal Department and another was the elimination of widespread frauds in the customs service. The scaling down process for the fiscal year of 1911 involved cutting the estimates made by the department heads \$50,000,000.
Bones can be converted into fertilizer by those who have no mill suitable for grinding them by placing the bones in layers and covering them with wood ashes, keeping the mass moist. In about two months the bones will be reduced so that they can be easily broken.

W. H. Dorin, Champion Corn Grower, With His Exhibits and His Prize

THE modern scientific farmer is as careful about the "pedigree" of the seeds he raises as about that of his live stock. So thoroughly is this fact appreciated that large prizes are now awarded for grain which has been developed by a long series of experiments, as was the case at the recent Land and Irrigation exposition in New York, where a \$1,000 silver cup was given to William H. Dorin (who is shown in our illustration with his prize and part of his exhibit) for the thirty best ears of corn in the United States. The corn was raised on a Virginia farm which was bought in 1905 for about \$10 an acre. The "breeder" of the cereal received the award for the highest number of points in compactness, germination, productivity, percentage of grain to the cob, maturity and uniformity. The corn is a cross between the Brove county and Johnson county varieties. Mr. Dorin has sold several ears from his exhibit at \$10 each.

MANY PATIENTS AT HOSPITAL

Dallas Institution Crowded and Has Waiting List.
Dallas hospital has been crowded to capacity during the past few weeks and there is also a large waiting list, according to the statement of local physicians. The most of the cases have been operations and they have generally been successful. Last Monday, for instance, it was stated there were 11 patients in the institution, although there are really accommodations for but eight. All of which emphatically emphasizes the need of a larger institution.
Mrs. Launer was discharged from the hospital Tuesday morning and returned to her home in this city.
Mrs. John Reasoner was discharged Sunday, following a successful operation.
Miss Effie Hickerson, of Rickreall, was operated on for appendicitis last week and is convalescing nicely.
Miss Helen Brown, nurse, returned Monday morning to her home in Portland, after assisting at the hospital for a few days.

BRIGHT GLEAMS MOTOR CAR

New Coat of Paint Adds to Appearance of Big Carrier.
With a nice coat of red paint on her sides, a clean creamy coat on her roof, and shining trucks and running gear, the motor car of the Salem, Falls City & Western railway, came from the shops on Sunday looking as fresh as a new pin. In experienced hands the car has been working nicely for some time and the company evidently felt that the time was opportune for brightening its appearance.
No Extra Cost.
When you have your watch repaired by Morris, the Jeweler, you get the benefit of his 25 years experience without any extra charge. That's worth remembering.

ASKS FOR JUDGEMENT ON NOTE

S. A. Riggs Begins Action in Court Against A. M. Holmes.
Suit was filed Wednesday in Department No. 2, of the Polk county Circuit court in an action wherein S. A. Riggs seeks to recover the sum of \$2800 and \$200 attorney's fees from A. M. Holmes et al. The complaint says the note was originally given for \$2,500 but the interest brings the total amount asked for to the figure noted.
Candidates' petition blanks for sale at The Observer office.
Gives Prompt Relief.
William H. Douglas, Jr., of Washington, D. C., says: I take great pleasure in informing you I have used Dr. Bell's Pine-Tar-Honey, and it gave me almost instant relief. Sold at Stafrin's drug store.
Headquarters of the Oregon Fire Relief Association will be found in Room 21, New Bank Building, at the head of the stairs.

300,000 Tubes
Of Sutherland's Eagle Eye Salve are sold in 1908 and not one word of complaint, though every tube was sold under a positive guarantee. It is good for nothing but the eyes. At Stafrin's drug store.
Walter L. Tooze, Jr., Lawyer, New Bank Building.
