DALLAS CLINCHES CHAMP TITLE

LOCALS DEFEAT MULTNOMAH IN PORTLAND.

Team Work Wins For Locals; Winged M Demoralized and Almost Helpless on Their Own Floor.

Dallas clinched her right to the basket ball championship for the state of Oregon last Saturday night by defeating the Multnomah quintet on the latter's floor in Portland, by the decisive score of 13 to 24. This made the second defeat administered to the winged "M" combination this season by the locals.

The game was Dallas' from the start. The Polkites threw the first basket and, although Multnomah came back with a basket a few seconds later, and tied things up, this didn't last long and the Dallas boys began a steady march upward and kept it up until the referee's whistle ended the contest.

**Team Work Counts.**  
 As in all their games, the team work of Dallas, did the business. The fame of this particular attribute of the Dallas team has spread afar and many there were among the fans who witnessed the game who had heard of it and came to see what there was in it. They found out, all right. In the last half, with the Multnomah players panting like steam engines, the Dallas men had the ball the greater portion of the time and they simply ran the legs off the winged M's who did their best trying to keep track of the ball.

Multnomah, as usual, depended on long passes to do the work but they were generally unsuccessful as the ball was either fumbled by their own men or landed safely in the hands of a Dallas player.

Only a small crowd saw the game but they were enthusiastic and applause for Dallas was almost as loud as that which greeted the best plays of Multnomah. A large number of Dallas people and others who formerly lived here were present and lent their support to the visitors by enthusiastic applause.

**Line Up and Score.**  
 Following is the line-up which brought consternation to the hearts of the loyal Multnomahs:

Dallas	Multnomah
Gates..... F	Dent-Kech
Ballantyne..... F	Masters
Shaw..... C	Morris
Boydston..... G	Allen-Kropp
Shaw..... G	Pugh

In field goals, for Dallas, Gates and Boydston threw three each; Ballantyne and N. Shaw two each; Ballantyne four fouls.

For Multnomah Masters scored two goals, Pugh one and Morris one.

**MOOCH MOOCH TO BE SHOWN AT CARNIVAL**  
 (Continued from Page One.)

above, which did not arrive here until about three months after it was written, the mysterious "Mooch, Mooch" must be n its way here, still nothing further has been heard of it. It is probable that the warfare going on in China has prevented its early shipment, the same as the delay of this letter. For those who may be skeptical as to the actual receipt of this letter, the same may be seen any time at Staffin's Drug Store. As soon as this wonderful "Mooch Mooch" is located, the suffering and anxious public will be informed. Until then, we must hope that nothing happens to prevent its safe arrival in the carnival city.

**Married in Dallas.**  
 Hal Kinman was married on Friday of last week to Miss Maude Newton at the home of the bride's sister in Dallas. The wedding came as a great surprise to Hal's many friends in Amity, however they all join in extending to him and Mrs. Kinman their most hearty congratulations and best wishes. It is understood that they will make their home in Dallas for the present.—Amity Standard.

**Engine Ruled Out.**  
 It required two hours to make the rail trip from Sheridan to McMinnville Monday afternoon, a distance of 26 miles. This time the fault was in the Dallas engine which was suffering intensely from a complication of causes and was ruled out of the game after leaving McMinnville and a substitute took its place.—Sheridan Sun.

**Lodge Notice.**  
 A stated communication of Jennings lodge No. 9, A. F. & A. M. will be held in Masonic hall on Friday evening, March 22. Work in the E. A. degree. Adoption of new by-laws. All members requested to be present. Visiting brethren welcome. By order of the W. M. WALTER E. MUIR, Secy.

Electric Driven Factories Are Safe For Workmen

Electric motors can be connected direct or close to machinery. Dangerous shafting and belts are eliminated. Doing away with belt transmission greatly reduces the chances of personal injury to employes. Insurance inspectors will bear out this statement with emphasis. Electric drive means clean, safe surroundings; ease and convenience of operation; increased production with the same investment and more economical operation. Advertisements do not sell electric power; they merely help to interest the prospective user, and sometimes induce him to send for a power expert. Telephone 24 and this service is yours without charge.
