TO MARK INNOVATION

Oregon Normal Faculty to Demonstrate Work of Training Department at Teachers' Meeting.

Much interest attaches to the coming meeting of the Polk county teachers to be held at Monmouth on Saturday, May 4. Teachers from Polk county and also from other counties in Oregon will be in attendance, including a strong delegation from Marion county and some from Yamhill county.

The meeting will prove an innovation in that the faculty of the normal will hold a regular session of the teachers' training department in order that the visiting pedagogues may be enabled to see the practical operation of this department.

An entertaining program of musical and literary selections will be the attraction in the Normal chapel at 4 o'clock. This will include an opera program by the Fifth and Sixth grades with selections from Il Trovatore, and the Flying Dutchman, and a dramatization of the Roland Story, and a sophomore class play. The O. N. S. orchestra will furnish music.

HE WAS "A MOIGHTY SICK MON"

One Polk Candidate Who Lost in the Primaries Tells How He Felt.

There was one candidate at least on the Republican ticket at the primary election who was defeated but who isn't a grouch anyway. He sees the funny side of it and explains how he felt in the following letter to the Observer:

"Polk County Observer, Dallas, Ore.

"Dear Sir: Find enclosed check which covers amount due as per bill. Thanks.

"The primaries over, I feel like the Irishman who was operated upon for appendicitis. He said to the doctor: 'Now doctor when you take my pendix out I wish ye would put it in the window there so as I can see it when I wake up.'

"The doctor being absent minded forgot to do as instructed but the sanitarium monkey happened to be in the window when Pat came from under the influence of the drugs and sat there making faces at Pat. Pat gazed at the monkey and sadly said: 'Ah! me child! me child! don't make faces at yer mither, for she was a moighty sick mon last night.'

May Raise Loganberries.

C. J. Pugh visited Dallas on Thursday of last week. He went out and inspected R. L. Chapman's prune orchard and dryer. On Friday he went to Brooks where he inspected the loganberry farm of 35 acres owned by Aspinwall Bros. They are planting another 15 acres and have sold this year's crop of loganberries at four cents per pound at depot, as they come from the field. Mr. Pugh is convinced that the soil here is better adapted to the growth of loganberries than the Brooks section. Several of our citizens are thinking seriously of going into this business.—Falls City News.

Left White Going Was Good.

Information has reached Sheriff Grant to the effect that a supposed horse thief spent Saturday night at the Wallace place four miles north of Salem in Polk county, and that the outfit left Sunday morning traveling south. According to information in possession of the sheriff's office the outfit, consisting of a black mare and an old Mitchell buggy, was stolen from a place near Fulton on Saturday. It is supposed that they were taken by a young man accompanied by a young woman. An outfit fitting this description reached the Polk ranch but they left before the officials discovered their whereabouts.

Fine Piece of Work.

Waldo Finn, supervisor of the McCoy road district in Polk county is doing a fine piece of work in cutting down the Finn hill about a half mile east of McCoy on the McCoy-Amity road. This is one of the worst hills in the north part of that county.—Amity Standard.

DALLAS VARIETY STORE

MRS. CHAS. GREGORY, Proprietor

Let Power Experts Work For You at Our Expense

We want to sell every kilowatt of electric energy that we can.

But we do not care to make a contract with a power user unless the customer knows that it is to his advantage to do so.

Our power engineers have devoted years to their work; they know their business.

They are at the disposal of every power user, large or small. They will make a complete, thorough investigation and test, and compile a scientific report upon which you may rely.

When these experts have finished you will KNOW your particular power problems from all sides. Nothing will be left to guess work.
