Silver Lake Leader: The grass and early sown grain are growing rapidly. The meadows are green and promise a heavy crop. Nowhere on earth does vegetation grow faster than here in the growing season.

—It would surprise you to know of the great good that is being done by Chamberlain's Tablets. Darius Downey, of Newberg Junction, N. E., writes, "My wife has been using Chamberlain's Tablets and finds them very effectual and doing her lots of good." If you have any trouble with your stomach or bowels give them a trial. What is declared to be the most valuable tract of farm land in the state, and probably in the whole country, lies near Beaverton, in Washington county. This fifteen-acre farm is beaverdam land and has produced onions, valued at \$9000 a year for forty years. The tract has produced a total of approximately \$360,000. Onions yield 400 sacks per acre on this land and its richness seems inexhaustible. It is thought there is no other piece of land in the United States that can show a similar record.

NOTHING TO IT BUT T. R.

All Over But the Shouting, Says Roosevelt's Manager.

At midnight following the Ohio election, Senator Dixon issued the following statement at the Roosevelt National headquarters:

"There is no further room for argument. On last Thursday at Columbus, Mr. Taft in his speech said: 'The vote in Ohio, my home state, will be the decisive one and will settle the question of the nomination.'

"Ohio has spoken. By a majority of probably 50,000 she has declared her preference for Roosevelt as Republican nominee for President. Roosevelt will have 44 of the 48 delegates in Mr. Taft's own state.

"Theodore Roosevelt will be nominated as the Republican nominee for President on the first ballot at Chicago, and will be elected in November by the biggest majority ever given a Presidential candidate. This is the end of the contest."

SHOULD VISIT SHOW EARLY

Main Performance Will Be Preceded by Free Concert.

To those who visit the Sells-Floto circus when it arrives in Dallas on May 20, it might be well to hint that an early visit to the menagerie has its advantages.

The doors open one hour before the performance proper commences, and during that time the famous Sells-Floto military band, under the direction of Walter P. English, will give a popular concert in which several famous soloists will render selections.

There is no extra charge for this, because the Sells-Floto people have always maintained it as one of the noted features of their entertainment. Among the popular numbers will be a cornet duet by Messrs. White and Cooney, and the celebrated sextette from Lucia by Messrs. Werner, Dye, King, West, English and White. Miss Rutherford, who has no superior as a saxophone soloist, will also appear, rendering many of the latest and most popular descriptive selections.

The band can be plainly heard by the visitors to the menagerie, so in order to enjoy it, it will not even be necessary to enter the big tent until the performance proper commences.

—Now is the time to get rid of your rheumatism. You can do it by applying Chamberlain's Liniment and massaging the parts freely at each application. Sold by all dealers.

Portland's business men have been clasping hands with Tillamook county communities this week. Excursions to other parts of the state are teaching Portland's people that Oregon is a great state, and that Portland, after all, is only a small part of it. A better understanding of the needs of the country comes to the city people after every such excursion.

"THE TIME IS COMING WHEN THE ELECTRIC MOTOR WILL MOVE THE WORLD"

SAID THOMAS A. EDISON RECENTLY

Certain types of engines have more than 200 reciprocating parts. The electric motor has but one moving or revolving part. Many of the prosperous factories of the state are operated today with electricity served from central generating station. Central station electric power increases output and saves cost. Our power engineers will make careful investigations of power problems and render dependable, scientific reports, without charge.
