#### Find Out About the Forkner Light-Draft Harrow!

THIS low-priced harrow for orchards and vineyards—and general use—is a world-beater. Wonderfully light of draft—weight carried on wheels, not on horses' backs. Great worker—20 to 30 acres a day with one team—and every inch of soil cultivated thoroughly—lifted and turned in long wavy level. Best of all—it hangs low and has great extension—making it a snap to work right up to trees without horse or driver disturbing boughs or fruit!

Find Out in Your Orchard—At Our Risk!

WRITE TODAY for catalog and 30 day trial offer. Pick the machine suited to your soil and orchard and use it for a month—and send it back if you don't find it the finest cultivator made.

#### CHAMPION MACHINERY

to profitable farming is the Champion line of harvesting machines. Think of it! Champion machines have been made since 1849 and more have been sold every year since then until today farmers all over the world appreciate the merits of the Champion line. The New Champion binder, which we will gladly explain to you, illustrates Champion progress and how conscientiously Champion machines are built to satisfy the farmers. We handle, besides binders, Champion mowers, reapers, hay rakes, tedders, huskers and shredders, knife grinders and binder twine. When you are in the market for something good in the harvesting machine line, call on us and we will show you the Champion.
