The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, therefore destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CLENEY & Co., Toledo, Ohio. Sold by all druggists, 75c.

WE PICK THE WINNERS

We gather the cream of all that is new and artistic in Post Cards, and carry none of the cheap stuff.

In the samples of one house, we find a few winners—sometimes not more than one or two kinds. From the next traveling man's samples, we gather a few more—and so on until a creditable assortment is obtained.

We make a specialty of the popular Sepias and the dainty Hand-Painted Cards. Many of these are suitable for framing.

You often find a merchant advertising his goods as different. That "different" tag has been worked overtime. But the funny part of it is, these Post Cards of ours really are different.

We want you to come in and see for yourself.

BETWEEN TWO SACKS OF FLOUR there may seem no difference in the name. But if one of them is "OREGON'S BEST" flour, there is a big difference. Telling you about the superiority of "OREGON'S BEST" flour doesn't prove it. But if you will try a sack to-day, you'll have plenty of proof of its superior excellence in the better bread, cake and pastry you bake. It suits others. It will suit you.
