OPEN LETTER

To the voters of Polk County: I wish to refer you to my paid advertisement found in another column in this issue.

In that advertisement I have given my general platform, but there are a few policies which I favor, and which are in line with my platform that I wish to outline in this letter:

I favor good country roads to market places, to be paid for by the counties in which they are built.

Shall oppose the building of roads and bridges for local communities at the expense of the state.

Favor good public schools and will work for laws looking toward their improvement.

Shall oppose the creation of new boards and commissions and the employment of useless clerks.

Shall use every endeavor to reduce state and county taxes.

The voters' wishes in the matter of the election of U. S. Senator, and in all other matters, will be my instructions, which I will obey implicitly.

If you think that my identification with the business interests of, and my twenty years' residence in, Polk County, qualify me for your service as Representative, I shall heartily appreciate your support, and use every effort at my command to honestly and faithfully serve you.

Respectfully yours,

ELMER E. PADDOCK.

To The Voters of Polk County

Since some of those who are supporting my opponent have used every other means known to them to defeat me for the office of County Assessor and have run short of campaign dope, they are using the thread-bare story that I am not competent.

MY RECORD as deputy assessor for five years under our most competent Assessor, Mr. Graves, is a matter of common knowledge and I leave that to Mr. Graves himself.

I shall not be competent to give any man any advantage in matters of assessment.

MY POLICY

Is made for a re-sitting when for any cause the results fail to satisfy. This policy keeps me on my mettle. My work is constantly improving.

REMEMBER THIS

Taft cannot be elected. Roosevelt can be elected. Wilson might be elected if the choice of a President was taken from the people and thrown into Congress. The election of Wilson means tampering with the incomes of the business man, the wage earner and the farmer. It is up to every American to defend his income, upon which always depends his outgo.

THE ONLY WAY FOR THE AMERICAN VOTER TO DEFEND HIS INCOME IS TO PREVENT THE ELECTION OF WILSON BY VOTING FOR
