

TO THE PUBLIC

Having purchased the stock of the Butler grocery store on Main street we wish to announce to the people of Dallas and Polk County that we will keep on hand at all times a full line of Staple and Fancy Groceries which will be sold at the most reasonable prices consistent with sound business principles.

Having had several years' experience in the grocery business we will make a specialty of the best the markets afford and will pride ourselves at all times on maintaining and operating a thoroughly Modern and Sanitary Grocery Store

In taking possession of this place of business we want to assure all the old customers that a continuance of their trade will be appreciated; by careful dealing and fair treatment we hope to merit their patronage and also that of the public generally.

Oregon Apples in South America.
Oregon apples are invading the far corners of the world this season. A ship leaving New York for Buenos Ayres recently had a large shipment on board. This fruit will travel 10,000 miles from the orchard before it reaches the consumer. A carload of Grande Ronde Valley apples has been sent to Norway lately. Besides, there is the usual strong demand from many other parts of Europe and the Orient is also taking Oregon fruit.

TO DEAL WITH IMMIGRATION

Important Conference to Be Held in Seattle in July Next.
PORTLAND, Or., Dec. 5.—An important conference at which the whole Pacific Coast should be represented, will be that of the National Conference of Charities and Corrections, to be held in Seattle next July. This gathering will take up the subject of dealing with the immigration to come to this coast upon the completion of the Panama canal.
A heavy flood of European immigrants will bring a long list of evils in their train unless some intelligent work is done in directing the movement, it is said. The aim of the conference will be to do away with the slums that the Atlantic Coast cities have built up and to direct the newcomers to the farms and vacant lands instead of having them congest in the population centers. The conference will be attended by men of national reputation in philanthropic work.

Money for Road Work.
Forest reserves in Oregon will contribute a total of \$42,259 to the state in 1912. Most of this money goes to state road work and it is derived from the sale of timber within the forest reserves, a certain percentage of which goes to the state in which the reserves are located.

Cheese Takes Prizes.
Oregon cheese took honors at the recent National Dairy Show at Chicago winning second honors in a competition with 800 samples of the cheese maker's art from all parts of the country. This, too, in spite of the fact that the long shipment to Chicago took off three points in the score given this state's products, which was 95 1/2 out of a possible 100.

Broom Corn is Possible.
The possibilities of broomcorn growing in Eastern Oregon have been made known the past week, when samples were submitted to a Portland broom manufacturer. It is said that 1000 pounds of the corn can be grown on an acre, and as several hundred carloads of the material are brought into the state each year, there seems to be a chance for farmers to make money growing it here at home.

Movement Successful.
The Country Life Movement, so successful last year throughout the state, whereby thousands of school children were interested in gardening contests, will be continued this year. Poultry raising is to be made a specialty. Attention is called to the fact that not less than \$1,000,000 was sent away from the state last year to pay for poultry and eggs brought here and this money, it is held, may just as well be kept at home.
